Instructions

The LCAP Federal Addendum is meant to supplement the LCAP to ensure that eligible LEAs have the opportunity to meet the Local Educational Agency (LEA) Plan provisions of the ESSA.

The LCAP Federal Addendum Template must be completed and submitted to the California Department of Education (CDE) to apply for ESSA funding. LEAs are encouraged to review the LCAP Federal Addendum annually with their LCAP, as ESSA funding should be considered in yearly strategic planning.

The LEA must address the Strategy and Alignment prompts provided on the following page.

Each provision for each program must be addressed, unless the provision is not applicable to the LEA.

In addressing these provisions, LEAs must provide a narrative that addresses the provision within the LCAP Federal Addendum Template.

Under State Priority Alignment, state priority numbers are provided to demonstrate where an ESSA provision aligns with state priorities. This is meant to assist LEAs in determining where ESSA provisions may already be addressed in the LEA’s LCAP, as it demonstrates the LEA’s efforts to support the state priorities.

The CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA’s responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

California’s ESSA State Plan significantly shifts the state’s approach to the utilization of federal resources in support of underserved student groups. This LCAP Federal Addendum provides LEAs with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for LEAs to innovate with their federally-funded programs and align them with the priority goals they are realizing under the state’s Local Control Funding Formula (LCFF).

LCFF provides LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The LCAP planning process supports continuous cycles of action, reflection, and improvement.

Please respond to the prompts below, and in the pages that follow, to describe the LEA’s plan for making the best use of federal ESEA resources in alignment with other federal, state, and local programs as described in the LEA’s LCAP.
Strategy

Explain the LEA’s strategy for using federal funds to supplement and enhance local priorities or initiatives funded with state funds, as reflected in the LEA’s LCAP. This shall include describing the rationale/evidence for the selected use(s) of federal funds within the context of the LEA’s broader strategy reflected in the LCAP.

The Oroville Union High School District (OUHSD) uses federal funds to supplement and enhance local priorities. We use our federal dollars to assist students with counseling, mental health services, extra academic support in both general education classrooms and special education classrooms. OUHSD also uses federal funds to provide summer school for students who are not on track to graduate. OUHSD uses supplemental funds to improve and enhance safety and technology infrastructure, such as security cameras, fences, adding wireless access points, improving fiber connectivity to all of the district’s schools and purchasing Chromebooks for students to use to augment their instruction in classrooms.

Alignment

Describe the efforts that the LEA will take to align use of federal funds with activities funded by state and local funds and, as applicable, across different federal grant programs.

OUHSD uses federal funds to support instructional activities in classrooms. Funding is used consistently with the rules attached to the funding source. In most cases, if the categorical funding was not available, the district would probably not support the activity.

ESSA Provisions Addressed Within the LCAP

Within the LCAP an LEA is required to describe its goals, and the specific actions to achieve those goals, for each of the LCFF state priorities. In an approvable LCAP it will be apparent from the descriptions of the goals, actions, and services how an LEA is acting to address the following ESSA provisions through the aligned LCFF state priorities and/or the state accountability system.

TITLE I, PART A

Monitoring Student Progress Towards Meeting Challenging State Academic Standards

</tr>
</thead>
<tbody>
<tr>
<td>1112(b)(1) (A–D)</td>
<td>1, 2, 4, 7, 8 (as applicable)</td>
</tr>
</tbody>
</table>

Describe how the LEA will monitor students’ progress in meeting the challenging state academic standards by:

(A) developing and implementing a well-rounded program of instruction to meet the academic needs of all students;
(B) identifying students who may be at risk for academic failure;
(C) providing additional educational assistance to individual students the LEA or school determines need help in meeting the challenging State academic standards; and
(D) identifying and implementing instructional and other strategies intended to strengthen academic programs and improve school conditions for student learning.

OUHSD has trained staff in the implementation of the California Common Core State Standards in 2012. The district has identified essential standards in core academic areas and determines supports needed to meet the needs of all students. OUHSD uses NWEA’s Measure of Academic Performance (MAP) to assess students in ELA and math. Students that are determined to be at risk of not graduating are referred to the OUHSD Student Achievement and Attendance Team (SAART). The SAART team tries to match the student and family with school and community resources that can assist students to attend school, earn credits and eventually graduate.
Overuse in Discipline Practices that Remove Students from the Classroom

<tr>
<td>1112(b)(11)</td>

</tr>
</tbody>
</table>

Describe how the LEA will support efforts to reduce the overuse of discipline practices that remove students from the classroom, which may include identifying and supporting schools with high rates of discipline, disaggregated by each of the student groups, as defined in Section 1111(c)(2).

OUHSD believes that students need to attend school to be successful. If students attend, then the school can get them needed supports to assist them with academic needs, as well as socio-emotional supports. We have implemented an In School Suspension program which has reduced at home suspensions. OUHSD staff has also explored alternative means of discipline, that do not remove students from the classroom for an extended amount of time. OUHSD also has counselors at all schools, a district social worker and a behavioral specialist at alternative education schools to address social-emotional issues that may lead to discipline incidents if not addressed by staff. As part of the process to address findings of Significant Disproportionality in Special Education, OUHSD coordinated and hosted multiple stakeholder meetings to review discipline policies and practices for all students. Site and district administrators are engaged in revising discipline practices in order to allow for more restorative approaches to discipline.

Career Technical and Work-based Opportunities

If determined appropriate by the LEA, describe how such agency will support programs that coordinate and integrate:

(A) academic and career and technical education content through coordinated instructional strategies, that may incorporate experiential learning opportunities and promote skills attainment important to in-demand occupations or industries in the State; and

(B) work-based learning opportunities that provide students in-depth interaction with industry professionals and, if appropriate, academic credit.

The Butte County Office of Education used to support work based learning opportunities for CTE students. In 2016, OUHSD took all of the Butte County CTE programs and have been implementing work based learning opportunities as appropriate in all of our CTE programs. CTE teachers monitor the students while in the workplace with support from the district. OUHSD is also working with community partners, such as the County of Butte, All Metals, Metalworks and the SPCA to provide students workplace experiences, as well as talk to students about career opportunities in their organizations.

Title II, Part A Activities

<tbody>
<tr>
<td>2102(b)(2)(A)</td>
<td>1, 2, 4 (as applicable)</td>
</tr>
</tbody>
</table>

Provide a description of the activities to be carried out by the LEA under this Section and how these activities will be aligned with challenging State academic standards.

OUHSD uses Title II funds to provide teacher induction programs to first and second year teachers. OUHSD partners with the San Diego County Office of Education to provide an induction program to all inexperienced teachers in the district. Title II funds are also used to support professional development activities for teachers which help with integrating technology into classroom lessons, improving student engagement in classrooms and/or strengthening instruction. OUHSD also partially funds instructional coaches in English, Social Studies, Math and Special Education with Title II funds.
Title III, Part A

Parent, Family, and Community Engagement

<th>ESSA SECTION</th>
<th>STATE PRIORITY ALIGNMENT</th>
</tr>
</thead>
<tbody>
<tr>
<td>3116(b)(3)</td>
<td>3, 6 (as applicable)</td>
</tr>
</tbody>
</table>

Describe how the eligible entity will promote parent, family, and community engagement in the education of English learners.

OUHSD solicits parent, family and community engagement through membership in school and district committees, such as School Site Councils, ELACS, DELACS, Superintendent Advisory Council, athletic boosters, and PTSA to name a few. OUHSD uses its website and social media to advertise meetings and events. OUHSD has a partnership with the Hmong Cultural Center and reaches out to them to assist the district in supporting our Hmong students and families. OUHSD also invites parents, community members, staff and students to LCAP Stakeholder meetings as the district reviews and revises the Local Control Accountability Plan. The declining number of English Learners in our district led to a decline in our district’s Title III funding. As a result, OUHSD entered into a consortium with the Sutter County Office of Education, which now serves as the fiscal agent and administers OUHSD’s Title III funds. The Sutter County consortium directs the funds toward professional development that is available to our district English Language Development staff.
ESSA Provisions Addressed in the Consolidated Application and Reporting System

An LEA addresses the following ESSA provision as part of completing annual reporting through the Consolidated Application and Reporting System (CARS).

**TITLE I, PART A**

**Poverty Criteria**

</thead>
<tbody>
<tr>
<td>1112(b)(4)</td>

</tbody>
</table>

Describe the poverty criteria that will be used to select school attendance areas under Section 1113.

Poverty criteria is not used to determine school attendance areas in the Oroville Union High School District. The poverty levels of the families in the district are distributed fairly evenly throughout the communities served. OUHSD had 1,647 (74.8%) Socioeconomically Disadvantaged students in all schools in the district. Oroville High School had 140 (15.9%) Socioeconomic Disadvantaged students and Las Plumas High has 149 (14.7%) Socioeconomic Disadvantaged students.
ESSA Provisions Not Addressed in the LCAP

For the majority of LEAs, the ESSA provisions on the following pages do not align with state priorities. Each provision for each program provided on the following pages must be addressed, unless the provision is not applicable to the LEA. In addressing these provisions, LEAs must provide a narrative that addresses the provision within this addendum.

As previously stated, the CDE emphasizes that the LCAP Federal Addendum should not drive LCAP development. ESSA funds are supplemental to state funds, just as the LCAP Federal Addendum supplements your LCAP. LEAs are encouraged to integrate their ESSA funds into their LCAP development as much as possible to promote strategic planning of all resources; however, this is not a requirement. In reviewing the LCAP Federal Addendum, staff will evaluate the LEA's responses to the ESSA plan provisions. There is no standard length for the responses. LEAs will be asked to clarify insufficient responses during the review process.

TITLE I, PART A

Educator Equity
ESSA SECTION 1112(b)(2)

Describe how the LEA will identify and address, as required under State plans as described in Section 1111(g)(1)(B), any disparities that result in low-income students and minority students being taught at higher rates than other students by ineffective, inexperienced, or out-of-field teachers.

THIS ESSA PROVISION IS ADDRESSED BELOW:

100% of the teachers in the Oroville Union High School District are appropriately credentialed for the subject areas they teach. School Administrators support beginning and/or ineffective teachers by providing professional development opportunities, teacher mentors and other support services from outside consultants to make sure teachers have the tools necessary to ensure learning in their classroom on a daily basis. When reviewing OUHSD's Equity Gap Analysis, due to the small number of teachers at Community Day School, 3 out of the four teachers (75%) meet the criteria for classification as "inexperienced" as defined by ESSA regulations.

Parent and Family Engagement
ESSA SECTIONS 1112(B)(3) AND 1112(B)(7)

Describe how the LEA will carry out its responsibility under Section 1111(d).
Describe the strategy the LEA will use to implement effective parent and family engagement under Section 1116.

THIS ESSA PROVISION IS ADDRESSED BELOW:

All OUHSD schools solicit and encourage parent and family engagement. Schools have parents participate on School Site Councils, accreditation visits, athletic booster clubs, Parent Teacher Student Association (PTSA), English Learner Advisory Committees (ELAC), District English Learner Advisory Committee (DELAC), Superintendent Advisory Council (SAC), and Local Control Accountability Plan (LCAP) meetings. OUHSD also uses social media (Facebook and Twitter), the OUHSD website, text messages, phone calls and emails to parents to keep them informed on their child's progress in school, as well as inform parents of events happening at the schools.

Schoolwide Programs, Targeted Support Programs, and Programs for Neglected or Delinquent Children
ESSA SECTIONS 1112(b)(5) and 1112(b)(9)
Describe, in general, the nature of the programs to be conducted by the LEA’s schools under sections 1114 and 1115 and, where appropriate, educational services outside such schools for children living in local institutions for neglected or delinquent children, and for neglected and delinquent children in community day school programs.

Describe how teachers and school leaders, in consultation with parents, administrators, paraprofessionals, and specialized instructional support personnel, in schools operating a targeted assistance school program under Section 1115, will identify the eligible children most in need of services under this part.

THIS ESSA PROVISION IS ADDRESSED BELOW:

77% of Oroville Union High School District students are Socioeconomically Disadvantaged. All schools in the district operate Schoolwide programs and follows the regulations as outlined in the Every Student Succeeds Act (ESSA).

Homeless Children and Youth Services
ESSA SECTION 1112(b)(6)

Describe the services the LEA will provide homeless children and youths, including services provided with funds reserved under Section 1113(c)(3)(A), to support the enrollment, attendance, and success of homeless children and youths, in coordination with the services the LEA is providing under the McKinney-Vento Homeless Assistance Act (42 United States Code 11301 et seq.).

THIS ESSA PROVISION IS ADDRESSED BELOW:

4% of the Oroville Union High School District meet the criteria as "homeless" as outlined in the McKinney-Vento Homeless Assistance Act. OUHSD collaborates with the Butte County Office of Education and local community agencies to provide McKinney-Vento students the services needed for them to be successful in school. This includes breakfast and lunch, home to school transportation, clothing, backpacks and toiletries.

Describe, if applicable, how the LEA will implement strategies to facilitate effective transitions for students from middle grades to high school and from high school to postsecondary education including:
(A) coordination with institutions of higher education, employers, and other local partners; and
(B) increased student access to early college high school or dual or concurrent enrollment opportunities, or career counseling to identify student interests and skills.

THIS ESSA PROVISION IS ADDRESSED BELOW:

OUHSD has partnerships with the Butte-Glenn Community College District and the California State University, Chico. Students are able to visit both institutions multiple times during their time in high school. Staff from the college and the university provide outreach to OUHSD staff and students for financial aid, admissions and programs available at each school.

Additional Information Regarding Use of Funds Under this Part
ESSA SECTION 1112(b)(13) (A–B)

Provide any other information on how the LEA proposes to use funds to meet the purposes of this part, and that the LEA determines appropriate to provide, which may include how the LEA will:

OUHSD also works with individual administrators to select professional development opportunities that will help them grow as professionals. National recognized speakers (i.e. Kate Kinsella, Doug Fisher) present workshops throughout the year on best practices in English Learner Instruction to teachers and administrators within the consortium. These workshops are supplemented by on-site coaching and the use of tools that focus on building and supporting a rich academic vocabulary program.
