The Governor declared a State of Emergency to exist in California as a result of the threat of COVID-19. The Governor issued Executive Order N-25-20, which directs Californians to follow public health directives including canceling large gatherings. The Executive Order also allows local legislative bodies to hold meetings via conference calls while still satisfying state transparency requirements. The Governor also issued Executive Order N-33-20, prohibiting people from leaving their homes or places of residence except to access necessary supplies and services or to engage in specified critical infrastructure employment.

Effective Governance

There are three dimensions to the effective governance of any organization: the actions of an individual, a group coming together to govern, and the performance of governance responsibilities by the group.

In a school district, the Board and Superintendent work together as a governance team. For a governance team to work together effectively, members need to:

- Maintain a unity of purpose
- Agree on and govern within appropriate roles
- Create and sustain a positive governance culture
- Create a supportive structure for effective governance.

Effective governance tenets encompass the basic characteristics and behaviors that enable governance team members to effectively create a climate for excellence in a school district and maintain the focus on improved student learning and achievement.

Governance – A Definition
School district governance is the act of transforming the needs, wishes and desires of the community into policies that direct the community’s schools.

Board of Trustees

   - Ensure board policy enables parents, staff and the public to participate in district discussions, school programs and activities in meaningful ways.
   - Consider the concerns and interests of all segments of the community in deliberations.
Unity of Purpose

Unity of Purpose is a common vision, overarching goals, and the values and beliefs by which governance team members share about children, the district, and public education that help transcend their individual differences to fulfill a greater purpose.

Governance Role and Responsibilities

Citizen oversight of local government is the cornerstone of democracy in the United States. The role of the trustees who sit on locally elected school Boards is to ensure school districts are responsive to the values, beliefs and priorities of their communities. Boards fulfill this role by performing five major responsibilities: setting direction; establishing an effective and efficient structure; providing support; ensuring accountability; and providing community leadership as advocates for children, the school district and public schools.

These five responsibilities represent core functions that are so fundamental to a school system’s accountability to the public that they can only be performed by an elected governing body. Authority is granted to the Board as a whole, not each member individually. Therefore, Board members fulfill these responsibilities by working together as a governance team with the Superintendent to make decisions that will best serve all the students in the community. The Board carries out these responsibilities in each of the following job areas:

- Setting the District’s Direction
- Student Learning and Achievement
- Finance
- Facilities
- Human Resources
- Policy
- Judicial Review
- Collective Bargaining
- Community Relations and Advocacy

The Superintendent assists the Board in carrying out its responsibilities in each of the job areas, and leads the staff toward the accomplishment of the agreed upon district vision and goals. The following page provides more detail on how the Board performs its governance responsibilities in each job area. It is important to remember that Boards who inadvertently get involved in staff functions undercut their ability to hold the Superintendent accountable for the results of those efforts.
Duties and Responsibilities

The Superintendent shall have the discretion to organize, reorganize, and arrange the administrative and supervisory staff, including instruction, personnel, and business affairs, which in his/her judgment best serve the interests of the district.

The board recognizes that it is a collective body and each board member recognizes that his/her power as a board member is derived from the collective deliberation and action of the board as a whole in a duly constituted meeting.

Performing Governance Responsibilities

We agree with the responsibilities of school Boards as described below by the California School Boards Association:

Set the direction for the community’s schools
- Focus on student learning
- Assess needs/obtain baseline data
- Generate, review or revise setting direction documents (beliefs, vision, priorities, strategic goals, success indicators)
- Ensure an appropriate inclusive process is used
- Ensure these documents are the driving force for all district efforts

Establish an effect and efficient structure for the school district
- Employ and support the Superintendent
- Establish a human resources framework that includes policies for hiring and evaluating other personnel
- Oversee the development of and adopt policies
- Set a direction for and adopt the curriculum and require data-producing assessment systems
- Establish budget priorities, adopt the budget and oversee facilities issues
- Provide direction for and vote to accept collective bargaining agreements

Provide support through our behavior and actions
- Act with professional demeanor that models the district’s beliefs and vision
- Make decisions and provide resources that support mutually agreed upon priorities and goals
- Uphold Board-approved district policies and support staff implementation of Board direction
- Ensure a positive working climate exists
- Be knowledgeable enough about district efforts to explain them to the public

Ensure accountability to the public
- Evaluate the Superintendent
- Monitor, review and revise policies
- Serve as a judicial and appeals body
- Monitor student achievement and program effectiveness and require program changes as indicated
- Monitor and adjust district finances and periodically review facilities issues
• Monitor the collective bargaining process

**Act as community leaders**
• Speak with a common voice about district priorities, goals and issues
• Engage and involve the community in district schools and activities
• Communicate clear information about policies, programs and fiscal condition of the district
• Educate the community and the media about the issues facing students, the district and
  public education
• Advocate for children, district programs and public education to the general public, key
  community members and local, state and national leaders

**Positive Governance Team Culture**

Culture is the positive or negative atmosphere created by the way people in an organization
  treat each other. Teams have unwritten (implicit) or written (explicit) agreements about how
  they will behave with each other and others. These behavioral ground rules, often called
  norms, enable teams to build and maintain a positive culture or shift a negative one.

Because the community elects school Board members to set and monitor the direction of the
  school district, and the district Superintendent translates all efforts into action, it is vital that
  the Board and Superintendent have a respectful and productive working relationship based
  on trust and open communications.

**Governance Norms and Protocols**

**We agree to:**

• Focus on students’ best interest
• Consider the welfare of all stakeholders (students, staff and community)
• Respect each other’s opinions
• Listen “actively” to each member’s ideas
• Value each member’s point of view
• Be open to new ideas
• Exhibit positive body language
• Not interrupt, nor monopolize
• Encourage everyone to verbalize
• Disagree agreeably
• Recognize the positive
• Be willing to compromise
• Focus on process, not personalities
• Act by building on the thought of a fellow governance team member
• Arrive to meetings on time and prepared
• Commit time necessary to govern effectively
• Commit to open communication, honesty, no surprises
• Maintain confidentiality
Structures and Processes to Support Effective Governance

Effective governance teams discuss and agree on the formal structures and processes used by the trustees and the Superintendent in their functioning as a team (e.g., processes or structures for agenda setting, set-up of Board room and table, agenda structure, handling complaints or concerns from the community, bringing up a new idea); how governance teams operate, and how they do business. These agreements about how groups will operate are often called protocols.

The following protocols were developed to support and promote the effectiveness of our governance team.

Self-monitoring of Governance Team Effectiveness

We will schedule a workshop every January to review governance team agreements and processes by reviewing the Governance Handbook.

New Board Member Orientation

We will provide opportunities for new board members to attend training and meet with the Superintendent.

Visiting Schools

Visits are encouraged. As a professional courtesy, trustees will call the principal ahead of time to arrange the visit. Trustees will also be cautious about encroaching on the learning environment. To assist in this matter, the Superintendent will ensure principals and teachers know that a teacher does not need to interrupt his/her lesson when a Board member visits a classroom.

Handling Concerns from the Public and Staff

When someone brings a concern to the Board, we will listen carefully, remembering we are only hearing one side of the story, and will then direct that individual to the employee in the district most appropriate and able to help them resolve their concern. We will make sure they understand the appropriate order of who to contact (i.e., teacher, then principal, then district staff) and are aware of any formal forms or policies that might assist them (e.g., written complaint form). The Superintendent and principal(s) will be copied on correspondence. This will ensure everyone is treated fairly, equally and expeditiously and that the processes and procedures of the district are upheld. It will also clarify that one Board member has no individual authority to fix a problem. As a representative of the public, it is important that the Board member invite the person with the complaint to ultimately get back to him if the issue is not resolved.
Individual Board Member Requests for Information

When an individual Board member requests information pertaining to an agenda item, it will be provided to all Board members.

An individual Board member will – insofar as possible – work to let the Superintendent and staff know ahead of time when a request for information will be made in public so the staff can be prepared to provide a thorough answer.

Individual Board members will self-monitor to ensure one person’s request for information does not divert an inappropriate amount of time from staff efforts to achieve district goals.

Individual Board Member Requests for Action

The only authority to direct action rests with the full Board sitting at the Board table. A majority vote sets such direction.

Individuals may request an item for a future agenda by explaining their interest in a particular course of action and working to get a Board majority to support moving in that direction.

When a majority of the Board, sitting in a formal meeting requests action, it should be done in the context of the intended results. It is the duty of OUHSD staff to determine the methods used to achieve those results.

Board Meeting Management

We understand that Board meetings are meetings of the Board held in public, not open forum town hall meetings.

We will keep this in mind as we conduct our meetings, allowing the public to provide input at the time allotted to ensure the multiple voices of the community inform Board deliberations. However, when the Board deliberates, it will be a time for the Board to listen and learn from each other, taking the public input into consideration, not a time to re-engage with the public. We will consistently abide by our formal processes relating to this issue so that all persons are treated fairly and equally.

We will review our policies, bylaws and protocols relating to Board meeting management (e.g., time limits on input from members of the public), revising or reaffirming them as appropriate.

Email

We will use email carefully to insure that we do not violate the Brown Act, which prohibits Board members from exchanging facts to:

- Develop collective concurrence
- Advance or clarify an issue
- Facilitate agreement or compromise
Advance ultimate resolution
We understand that:

- Board members shall exercise caution so as to ensure that electronic communications are not used as a means for the Board to deliberate outside of an agendized Board meeting.
- Board members shall make every effort to ensure that their electronic communications conform to the same standards and protocols established for other forms of communication.
- A Board member may respond, as appropriate, to an electronic communication received from a member of the community and should make clear that his/her response does not necessarily reflect the views of the Board as a whole.
- Like other writings concerning district business, a Board member’s electronic communication may be subject to disclosure under the California Public Records Act.

Role and Responsibilities of the Trustees, Board President and Clerk

Our Beliefs:

- We have an obligation to set an example of good government in action for our community.
- We will model dignified problem solving for our community and our children.
- The Board President works with the Superintendent to ensure Board meeting effectiveness.
- We intend that our Board meetings proceed professionally, efficiently and effectively and that district staff will have the opportunity to provide necessary background materials and information to the Board in a respectful environment.
- Each Board member must have the opportunity to express his or her viewpoint during Board deliberation.
- Everyone in attendance at Board meetings will be treated with dignity and respect.
- The Board president has a facilitation role relative to Board meetings, and acts as a spokesperson for the Board. S/he has no more authority than any other Board member outside of Board meetings.

Our Agreement:

The role of the Board president is to:

- Attend CSBA Board President’s Workshop or other appropriate trainings if serving as president for the first time
- Chair meetings
- Work with the Superintendent as necessary to help ensure Board members have the necessary information and materials to make wise decisions
- Make sure that pending agenda items are addressed appropriately

Tonight we will receive additional public input, deliberate further and hope to make a final decision.").

**Designated Spokesperson(s)**

**Our Beliefs:**

It is essential that important information be communicated to members of the Board, the staff and the community in as timely a fashion as possible. Board Members and the Superintendent have an obligation to speak with a common voice about district issues to the staff and community. We recognize that some situations have legal or other considerations that may place restrictions on
what may be told to the media or public. Confidential issues must remain confidential. It is important that we speak with one voice in order to maintain the trust of our community.

**Our Agreement:**

In most cases, everyone is comfortable having the press contact any Board member. However, occasionally an issue requires there be one chief spokesperson. The Board member who fills this role may vary from year to year and from issue to issue. The designated spokesperson will vary depending on the issue or situation:

**Crisis:** The Superintendent will be the primary spokesperson and may involve the Board president at his/her discretion.

**Meeting Information** (e.g., Board meetings, agenda items, study sessions): The Board President and the Superintendent will serve as primary spokespersons.

**Core Beliefs / Vision / District Priorities / General District Information:** All governance team members may serve as spokespersons utilizing developed and agreed upon key messages. When speaking on behalf of the district or the School Board, Board members have an obligation to adhere to agreed upon key messages. Examples of District Key Messages:

- Core Beliefs
- District Mission / Vision
- Progress Toward District Goals
- Student Learning Goals
- Budget Objectives / Financial Plan
- Parent Involvement
- Facilities

During the Annual Governance Workshop in January the governance team will discuss which team members are going to be networking with which community groups and organizations. If a Board member is invited to speak to a community group or organization, s/he will make sure other team members know about the invitation, will ask for agreed upon key messages and any updated district information from the Superintendent, and will communicate back to the governance team after the presentation.

**OUHSD Governance Team Agreements to Facilitate Governance Leadership**

A major difference between groups and teams is that teams have clear agreements (norms that identify expectations for behavior, and protocols that describe how the team will operate) set by the team’s members. Once developed, these norms and protocols shape how team members behave with each other and how they perform their responsibilities.

Group expectations help a group work together to not only address difficult issues in an objective and consistent way, but also to confirm what each member will do in the normal course of business to help the team succeed. - CSBA
OUHSD Governance Team Norms and Protocols

The Board of Education for the Oroville Union High School District is entrusted by the community to uphold the Constitutions of California and the United States, to protect the public interest in schools, and to ensure that a high quality education is provided to each student.

To effectively meet district challenges, the Board and Superintendent must function together as a governance leadership team. Agreed upon behaviors (or norms) and operating procedures (or protocols) support consistent behaviors and actions among team members. The purpose of the OUHSD governance team agreements is to ensure a positive and productive working relationship among Board members, the Superintendent, district staff, students, and the community. The protocols were developed for and by the members of the governance team, and may be modified over time as needed.

We have reviewed and agree to follow the aforementioned governance team norms and protocols in order to support a positive and productive working relationship among the Oroville Union High School District Board of Trustees, staff, students and the community. We shall renew this agreement at the Annual Governance Workshop of the OUHSD Board of Trustees held in January.

Future Projects

- Brainstorming more COVID safe activities

Reported By: Azhley Dequito
This year has been very different and challenging for ASB.

- In November we held a welcome back drive-in movie event that was successful.
- Tiger of the month. Each month departments pick one student to recognize. Students receive a certificate, a Kleen Kanteen, and a tiger sling bag. Nominating teachers call home to inform parents that their student was recognized. Students are also recognized on the website and parent newsletter.
- Next week we will have a spirit week in hopes of bringing some fun to the last week of school before winter break.
- We are beginning to plan Bell Game and making a plan on how we can support our sports programs.

NON-ACTION INFORMATIONAL ITEMS AND REPORTS

1. Board Comments
Mr. Damon asked how students and staff feel about being back on campus. Dr. Willenberg responded that the feedback he has received has been positive. We have 320 students in the distance learning program. Mr. Simas has done a great job organizing the program but we are still short on teachers. There are a few 6/5ths on the amended PAO tonight, which will help fill a few gaps. Mary Masters has also been instrumental on taking care of student scheduling. There are 444 students enrolled at CIS. We typically only have 120 students in this program. 69% of students returned to the campuses on an A/B schedule. Mr. Damon asked how the CIS program works. Dr. Willenberg responded that students sign a contract and are required to do 50-60 hours of work per week on their own. They meet with their teacher for one hour per week. The CIS program is fully staffed with 15 teachers. Dr. Englund stated that she’s heard that a lot of students didn’t engage in distance learning during the first quarter. What are the schools doing to catch them up? Dr. Willenberg responded that some students thrived on distance learning but many did not. The schools are reviewing the number of D’s and F’s. Staff stepped up in the first quarter to do many home visits to check on students who were not engaging as well as helping them get technology and meals. There is no doubt that some students have fallen behind due to distance learning. The teachers are working hard to help students. Some of the state requirements, like attendance tracking, has been difficult. Mr. Sehorn asked how things have changed since Butte County was placed on the purple tier this Monday. Dr. Willenberg responded that more students have requested to be transferred to distance learning or CIS. Mr. Simas responded that there has been a huge uptick in requests for distance learning. He has received 100 requests since Monday. There is currently a waiting list due to the need to fill a few teacher positions. Dr. Willenberg stated that some students left the area after the fire but were able to do their work via distance learning from wherever they were. Many charter schools aren’t enrolling additional students because they aren’t receiving additional funding for them.

2. Superintendent
Dr. Willenberg reported that our Instructional Leader Corps (ILC) teachers have done a great job training our teachers. Our teachers, along with Chico High teachers, are being highlighted in ILC’s November 2020 newsletter. Our administrators have done a great job adjusting master schedules.

3. Administration
Mr. Simas reported that most students have been scheduled into the distance learning program. The number of requests since the end of October increased from 170 to 325. Our parents have been patient and our students are eager to get into classes. It has been a complicated process and Mary Masters has been a valuable resource. Mr. Sehorn asked how many students are enrolled from each grade level. He wonders if freshmen are more likely to select distance learning. Mr. Simas responded that he will get those statistics. Dr. Willenberg feels that CIF’s decision on whether to hold sports this year may increase the requests for distance learning or CIS. CIF is supposed to make an announcement on December 9th. Harrison Stadium has been reopened this week for those who like to walk the track but large events are not being scheduled yet. Mr. Damon asked what our plan is if students test positive for COVID. Dr. Willenberg responded that we will follow the protocol from Butte County Public Health. Our virtual nurse is also tracking cases. Mr. Damon asked what happens if a student refuses to wear a face mask. Dr. Willenberg responded that they will first receive a warning. They will be transferred to the distance learning program if they refuse to comply. He’s heard that students have been complying with the face mask requirement. Mrs. Watts reported that the state’s original budget called for districts to be funded using last year’s ADA. They are now planning to fund growth. She projected having 60 more students this year and has turned in a form into the State. The state absentee rate will be applied, so we’d be funded on 55 additional students. She has seen several articles today about the State revenue coming in higher than projected. Organizations are recommending that the State eliminate the spring deferrals, which would help us tremendously by not going into the negative in the next few years.
MINUTES OF REGULAR MEETING – NOVEMBER 18, 2020

4. Department of Justice Update
Dr. Willenberg stated that the Stipulated Agreement with the DOJ requires the district to do certain activities over the next five years. He has submitted several documents to the monitor but the DOJ can still ask for more changes. Mrs. King stated that she doesn’t know how he has been able to keep up with the demand. Dr. Willenberg responded that it’s important to the district. Mrs. King asked how the changes will benefit students. Dr. Willenberg responded that we will be experiencing a culture shift. There will be no more automatic suspensions. Administration will be getting into more classrooms to provide leadership. Mr. Simas stated that the Assistant Principals are working on restorative practices as an alternative to suspensions. Mr. Sehorn stated that this shift in culture would be monumental. It puts accountability back on the student. Dr. Willenberg stated that we are building PBIS into our discipline plan and have updated some of our policies. The board will be voting on members of a new Supportive School Climate Advisory Committee tonight whose responsibility would be to provide input on our discipline plan, policies and procedures. We are starting to train teachers on PBIS and restorative practices.

5. First Draft of the 21/22 School Year Calendar
Dr. Willenberg reported that the calendar has been vetted with our feeder districts. We always try to have similar calendars as we share siblings. He hasn’t received any feedback from staff.

NEW BUSINESS

18. Four Stage Plan for Instruction During the 20/21 School Year
Dr. Willenberg stated that Board members have been asking when we can fully reopen. Due to opening on Monday, we can stay open on the A/B schedule but can’t add more students to cohorts. Going from the orange to purple tier this week took many people by surprise. He amended his recommendation to reflect that our schools will only be closed down in the purple tier if there is an outbreak or we are directed by the state or Butte County Public Health to do so. The Board can reevaluate the situation at the January 20th board meeting. Andree Earley submitted a statement, which was read aloud by Mr. Damon: I am confused as to why we would shut down if we move to the purple tier if that is not mandated by the state. If you look at the blueprint for a safer California it clearly states: “Schools that have reopened for in-person instruction are not required to close if their county moves back to the Widespread (purple) tier.” I urge the board members to go by the state guidelines and allow us to continue in a modified schedule until we are back in orange where we might be able to open fully. I do like the idea of having a tier based guidance to know where we stand except for the “all students are on distance learning” if in purple. I hope that we continue to stay within guidance with the state (now that we are finally open) rather than taking a more restrictive approach.”

#47-20/21: Mrs. Englund made a motion to only close school in the purple tier if there is an outbreak or we are directed by the State or Butte County Public Health to do so. Mrs. King seconded the motion. The board approved the Four Stage Plan by the following vote:

TO: Dr. Corey Willenberg and Members of the Board of Trustees

FROM: Daniel Ramos, Jr., Principal

SUBJECT: Donations to various programs during the COVID-19 closure

Dan and Susan Ramos, Hard Luck Mining has generously given a donation of 25 LPHS staff shirts valued at $836.78. I request the board approve this donation.
CONTRACT FOR SERVICES

THIS CONTRACT is made on ______________, 20__ by and between the Oroville Union High School ("District"), and ________________ ("Consultant").

WITNESSETH:

WHEREAS, the District desires to contract with Ann Petersen, LCSW for supervision of clinical hours of employee Erica Garman, in the pursuit of her license.

WHEREAS, the Consultant has presented a proposal for such services to the District, dated ______________, 20__, (attached hereto and incorporated herein as Exhibit "A") and is duly licensed, qualified and experienced to perform those services;

NOW, THEREFORE, the parties hereto mutually agree as follows:

1. SCOPE OF SERVICES:

   A. Consultant shall do all work, attend all meetings, produce all reports and carry out all activities necessary to completion of the services described in (check one) ☐ Exhibit "A" OR ☐ the Work Program, attached hereto and incorporated herein by this reference as Exhibit "__". This Contract and its exhibits shall be known as the "Contract Documents." Terms set forth in any Contract Document shall be deemed to be incorporated in all Contract Documents as if set forth in full therein. In the event of conflict between terms contained in these Contract Documents, the more specific term shall control. If any portion of the Contract Documents shall be in conflict with any other portion, provisions contained in the Contract shall govern over conflicting provisions contained in the exhibits to the Contract.

   B. Consultant enters into this Contract as an independent contractor and not as an employee of the District. The Consultant shall have no power or authority by this Contract to bind the District in any respect. Nothing in this Contract shall be construed to be inconsistent with this relationship or status. All employees, agents, contractors or subcontractors hired or retained by the Consultant are employees, agents, contractors or subcontractors of the Consultant and not of the District. The District shall not be obligated in any way to pay any wage claims or
other claims made against Consultant by any such employees, agents, contractors or subcontractors, or any other person resulting from performance of this Contract.

C. The Consultant agrees it has satisfied itself by its own investigation and research regarding the conditions affecting the work to be done and labor and materials needed, and that its decision to execute this Contract is based on such independent investigation and research.

2. TERM OF CONTRACT:

A. The services of Consultant are to commence upon execution of this Contract by the District, and shall be undertaken and completed in accordance with the Schedule of Performance attached hereto and incorporated herein by this reference as Exhibit "A."

B. Consultant’s failure to complete work in accordance with the Schedule of Performance may result in delayed compensation as described in Section 3.

C. The Assistant Superintendent of Business or his or her designee may, by written instrument signed by the Parties, extend the duration of this Contract in the manner provided in Section 5, provided that the extension does not require the payment of compensation in excess of the maximum compensation set forth in Section 3, Compensation.

3. COMPENSATION:

A. The Consultant shall be paid at the completion of services for the actual fees, costs and expenses for all time and materials required and expended, but in no event shall total compensation exceed 1 hour weekly ($50.00), without District’s prior written approval.

B. Said amount shall be paid upon submittal of a final billing. Consultant shall furnish District with invoices for all expenses as well as for all materials authorized by this Contract. The invoices shall be submitted with the final billings. If Consultant’s performance is not in conformity with the Schedule of Performance, payments may be delayed or denied, unless the Consultant’s failure to perform in conformity with the Schedule of Performance is a documented result of the District’s failure to conform with the Schedule of Performance, or if the Schedule of Performance is extended pursuant to Section 5.

C. If the work is halted at the request of the District, compensation shall be based upon the proportion that the work performed bears to the total work required by this Contract, subject to Section 4.

4. TERMINATION:

A. This Contract may be terminated by either party, provided that the other party is given not less than 30 calendar days’ written notice (delivered by certified mail, return receipt requested) of intent to terminate.
3. Provision or endorsement stating that any failure to comply with reporting or other provisions of the policies including breaches of representations shall not affect coverage provided to the District, its officers, officials, employees, or volunteers.

4. Provision or endorsement stating that the Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

5. Provision or endorsement stating that such insurance, subject to all of its other terms and conditions, applies to the liability assumed by the Consultant under the Contract, including, without limitation, that set forth in Section 15, Indemnity and Litigation Costs.

L. Professional Liability.

The Consultant and its contractors and subcontractors shall secure and maintain in full force, during the term of this Contract, professional liability insurance policies appropriate to the respective professions and the work to be performed as specified in this Contract. The limits of such professional liability insurance coverage shall not be less than [\$1,000,000] per claim.

17. STUDENT SAFETY:

The consultant must certify that none of the employees who may come in contact with students has been convicted of a violent or serious felony. All employees of a business with which the District contracts who may have contact with pupils must submit fingerprints to the Department of Justice. First Reading of BP’s and AR’s

Certification (BP 4112.2)
Policy updated to clarify that if the district is unable to hire a person who possesses a clear or preliminary credential, including one who is approved for a limited assignment option. Policy reflects Commission on Teacher Credentialing (CTC) Coded Correspondence stating that, if the district needs to hire a person who has been granted a credential waiver by CTC, that person must qualify for a "variable term waiver." Policy also expands section on "National Board for Professional Teaching Standards Certification" to add examples of incentives that may encourage teacher participation.

Assignment (BP/AR 4113)
Policy updated to reflect NEW LAW (AB 1219, 2019) which requires annual monitoring of the assignment of certificated employees at all schools, and requires the Commission on Teacher Credentialing (CTC) to administer a statewide system that produces an annual data file of vacancies and misassignments and provides districts an opportunity to submit additional evidence that an employee is legally authorized for the assignment. Policy also adds legal requirements to report misassignments in the school accountability report card and to use Williams uniform complaint procedures to address any complaint alleging teacher misassignment or vacancy. Regulation updated to make minor corrections for gender neutrality.

Sexual Harassment (BP/AR 4119.11/4219.11/4319.11)
Policy updated to clarify that, in some instances, it may be necessary to concurrently review a sexual harassment complaint under both the Title IX sexual harassment complaint procedures and the district's procedure reflecting state law, as described in AR 4030 - Nondiscrimination in Employment, in order to meet the applicable timelines. Policy also adds the requirement to provide supportive measures to the respondent as well as the complainant. Regulation updated to add section on "Definitions," including the federal definition of sexual harassment for purposes of applying the Title IX complaint procedures. Section identifying the Title IX Coordinator(s) moved and revised to reference CSBA's AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures. Section on "Notifications" adds federal requirement to disseminate the district's sexual harassment policy and procedures, along with the name and contact information of the Title IX Coordinator, by posting them in a prominent location on the district's web site and including them in any handbook provided to employees or employee organizations. New section on "Complaint Procedures" references the applicable procedures and the responsibility of the district to take prompt action to stop the sexual harassment, prevent recurrence, and address any continuing effects.

Title IX Sexual Harassment Complaint Procedures (AR/E 4119.12/4219.12/4319.12)
New regulation to clarify that a sexual harassment complaint that is dismissed or denied under Title IX may still be subject to review under state law pursuant to AR 4030 - Nondiscrimination in Employment and thus the two procedures should be implemented concurrently in order to meet the applicable timelines. Regulation also updated to clarify that the applicability of the Title IX sexual harassment complaint procedures is limited to conduct that allegedly occurs in an education program or activity over which the district exercises control; revise the timeframe for concluding the complaint process from 45 to 60 days; reflect the right to pursue civil law remedies; and add the requirement to maintain a record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment. New exhibit presents a sample of the required notification to employees, job applicants, and employee organizations regarding the district's Title IX sexual harassment policy, the district's Title IX coordinator, and grievance procedures pursuant to 34 CFR 106.8.

Employee Compensation (BP 4151/4251/4351)
Policy updated to delete Labor Code citation that is not applicable to public agencies and instead reflect Education Code provisions related to overtime compensation for classified employees.
Employee Safety (BP/AR 4157/4257/4357)
Policy updated to reflect NEW STATE REGULATION (Register 2020, No. 10) which requires districts to provide employees with access to the district's injury and illness prevention program, and to add the prohibition against discharging or discriminating against an employee for exercising any right protected by the Occupational Safety and Health Act. Regulation updated to reflect NEW STATE REGULATION (Register 2020, No. 10) which requires that access to the district's injury and illness prevention program be provided to employees by either providing access in a reasonable time, place, and manner or providing unobstructed access through the district's server or web site. Regulation also updated to add material regarding the provision of facilities for quick drenching within the work area for immediate use when there is exposure to injurious corrosive materials. Regulation adds a section on "Protection from Communicable Diseases and Infections" which includes the development of an exposure control plan for bloodborne pathogens and strategies to prevent and mitigate infectious diseases, and a section on "COVID-19 Exposure" reflecting NEW LAW (AB 685, 2020) which specifies notifications that must be provided if the district receives notice of potential exposure to COVID-19 or the Division of Occupational Safety and Health (Cal/OSHA) prohibits entry into any district work site that exposes employees to the risk of COVID-19.

Work-Related Injuries (AR 4157.1/4257.1/4357.1)
Regulation updated to reflect NEW LAW (AB 1804, 2019) which requires that a report of death or serious injury or illness be immediately reported to Cal/OSHA by telephone or through an online mechanism established by Cal/OSHA, with clarification that districts may make the report by telephone or email until Cal/OSHA has an online mechanism available, and NEW LAW (AB 1805, 2019) which redefines "serious injury or illness." Regulation adds optional language regarding the responsibility of employees to document any incident, and combines options regarding the reporting of incidents to the insurance carrier or Department of Industrial Relations. The Declaration of Need shall also indicate the number and type of emergency permits that the district estimates it will need during the valid period of the Declaration of Need, based on the previous year's actual needs and projections of enrollment. Whenever the actual number of permits needed exceeds the estimate by 10 percent, the Board shall revise and resubmit the Declaration of Need. (5 CCR 80026)

Assignment

In order to serve the best interests of students and the educational program, the Governing Board authorizes the Superintendent or designee to assign certificated personnel to positions for which they are qualified pursuant to their certification, preparation, professional experience, and aptitude.

Teachers may be assigned to any school within the district in accordance with the collective bargaining agreement or Board policy.

Assignment to Courses/Classes

The Superintendent or designee shall assign teachers based on the grade level and subject matter authorized by their credentials.

When there is no credential authorization requirement for teaching an elective course, the Superintendent or designee shall select the credentialed teacher whose knowledge and skills best prepare the teacher to provide instruction in that subject.

When specifically authorized by law or regulation, the Superintendent or designee may, with the teacher's consent, assign a teacher to a position outside the teacher's credential authorization in accordance with the local teaching assignment options described in the Commission on Teacher Credentialing's (CTC) Administrator's Assignment Manual. Such assignments shall be annually approved by Board resolution. In such cases, the Superintendent or designee shall reference in district records the statute or regulation under which the assignment is authorized.

If at any time a certificated employee is required by the district to accept an assignment which the employee believes is not legally authorized by the employee's credential, the employee shall notify the Superintendent or designee, in writing, of the misassignment. Within 15 working days, the Superintendent or designee shall notify the employee of the legality of the assignment. If no action is taken by the district, the employee shall provide written notification to the County Superintendent of Schools. No adverse action shall be taken against an employee who files a notice of misassignment. (Education Code 44258.9)

Vacancies and Misassignments

Annually, the district shall review potential misassignments and vacant positions throughout the district. Upon receiving notification from CTC of the availability of data regarding potential misassignments and vacant positions in the district, the Superintendent shall review the data within 60 days. When necessary, the Superintendent or designee may respond by submitting additional documentation to the County Superintendent showing that an employee is legally authorized for an assignment and/or that a position identified as vacant was miscoded and a legally authorized employee is assigned to the position. (Education Code 44258.9)

If the district subsequently receives, within 90 days of CTC's initial notification, a notification from the County Superintendent indicating that a certificated employee in the district is assigned to a position for which the employee has no legal authorization, the district shall correct the assignment within 30 calendar days. (Education Code 44258.9)
**Assignment (Cont.)**

The district shall serve as the monitoring authority for teacher assignments in any charter school it has authorized, in accordance with Education Code 44258.9-44258.10.

Any complaint alleging teacher misassignment or vacancy shall be filed and addressed through the district’s procedures specified in AR 1312.4 - Williams Uniform Complaint Procedures.

The school accountability report card for each school shall include any assignment of teachers outside their subject areas of competence, misassignments, including misassignments of teachers of English learners, and the number of vacant teacher positions for the most recent three-year period. (Education Code 33126)

**Equitable Distribution of Qualified and Experienced Teachers**

The Superintendent or designee shall identify and address the equitable distribution of highly qualified and experienced teachers among district schools, including those with higher than average levels of low-income, minority, and/or academically underperforming students. The Superintendent or designee shall annually report to the Board comparisons of teacher qualifications across district schools, including the number of teachers serving under a provisional internship permit, short-term staff permit, intern credential, emergency permit, or credential waiver.

Strategies for ensuring equitable access to experienced teachers may include, but are not limited to, incentives for voluntary transfers, provision of professional development, and/or programs to recruit and retain effective teachers.

Assignment

Assignment to Departmentalized Classes Outside Credential Authorization

Any holder of a credential other than an emergency permit may be assigned, with consent, to teach departmentalized classes in grades K-12 regardless of the designations on the teaching credential, provided that the teacher’s subject matter knowledge is verified prior to the assignment. (Education Code 44258.3)

Procedures for verifying a teacher’s subject matter knowledge shall be developed and implemented by the Superintendent or designee with the involvement of appropriate subject matter specialists, including curriculum specialists, resource teachers, classroom teachers certified to teach the subject, staff assigned to regional subject matter projects or curriculum institutes, or college faculty. (Education Code 44258.3)

Procedures to be used for this purpose shall specify: (Education Code 44258.3)
One or more of the following ways in which subject matter competence shall be assessed:

a. Observation by subject matter specialists
b. Oral interviews
c. Demonstration lessons
d. Presentation of curricular portfolios
e. Written examinations

Specific criteria and standards for verifying subject matter knowledge by any of the above methods. These criteria shall include, but need not be limited to, evidence of the individual’s knowledge of the subject matter to be taught, including demonstrated knowledge of the curriculum framework for the subject and the specific content of the district’s course of study for the subject at the grade level to be taught.
Whenever a teacher is assigned to teach departmentalized classes pursuant to Education Code 44258.3, the Superintendent or designee shall notify the exclusive representative of the district’s certificated employees. (Education Code 44258.3)

Assignment to Elective Courses Outside Credential Authorization

A full-time teacher with special skills and preparation outside the credential authorization may, with the teacher’s consent and the prior approval of a district committee on assignments, be assigned to teach an elective course in the area of the special skills or preparation, excluding a course in English, mathematics, science, or social studies. (Education Code 44258.7)

The Superintendent or designee shall establish a committee on assignments, consisting of an equal number of teachers selected by teachers and school administrators selected by school administrators, to approve such assignments. (Education Code 44258.7)

Committee members shall serve a two-year term but may be reappointed using the same procedure as the initial appointment.
When determining whether a teacher is qualified for an assignment pursuant to Education Code 44258.7, the committee may consider the teacher's education, prior experience, observation by subject matter specialists, oral interviews, demonstration lessons, presentation of curricular portfolios, and/or written examinations.

Assignments approved by the committee shall be for a maximum of one school year, but may be extended by action of the committee upon application by the principal and teacher. (Education Code 44258.7)

**Assignment to Special Schedules**

The Superintendent or designee shall make every reasonable effort to accommodate the preferences of certificated staff when assigning them to schools with year-round or regular schedules. (Education Code 37616)

Full-time probationary or permanent classroom teachers employed by the district prior to implementation of weekend classes shall not, without their written consent, be required to teach for more than 180 full days during a school year or for more than the number of full days during the preceding school year, whichever is greater. No teacher shall be assigned to work on a Saturday or Sunday if the teacher objects in writing that such assignment would conflict with religious beliefs or practices. (Education Code 44824)

OROVILLE UNION HIGH SCHOOL DISTRICT

Personnel

Sexual Harassment

The following policy shall apply to all district employees, interns, volunteers, contractors, job applicants, and other persons with an employment relationship with the district.

The Governing Board is committed to providing a safe work environment that is free of harassment and intimidation. The Board prohibits sexual harassment against district employees and retaliatory behavior or action against any person who complains, testifies, or otherwise participates in the complaint process established for the purpose of this policy.

Sexual harassment includes, but is not limited to, harassment that is based on the sex, gender, gender identity, gender expression, or sexual orientation of the victim and harassment based on pregnancy, childbirth, or related medical conditions.

The Superintendent or designee shall take all actions necessary to ensure the prevention, investigation, and correction of sexual harassment, including but not limited to:

1. Providing training to employees in accordance with law and administrative regulation

2. Publicizing and disseminating the district's sexual harassment policy to employees and others to whom the policy may apply

3. Ensuring prompt, thorough, fair, and equitable investigation of complaints

4. Taking timely and appropriate corrective/remedial action(s), which may require interim separation of the complainant and the alleged harasser and subsequent monitoring of developments

The Superintendent or designee shall periodically evaluate the effectiveness of the district's strategies to prevent and address harassment. Such evaluation may involve conducting regular anonymous employee surveys to assess whether harassment is occurring or is perceived to be tolerated, partnering with researchers or other agencies with the needed expertise to evaluate the district's prevention strategies, and using any other effective tool for receiving feedback on systems and/or processes. As necessary, changes shall be made to the harassment policy, complaint procedures, or training.

Sexual Harassment Reports and Complaints

District employees who feel that they have been sexually harassed in the performance of their district responsibilities or who have knowledge of any incident of sexual harassment by or against another employee shall immediately report the incident to their direct supervisor, a district administrator, or the district's Title IX Coordinator. In any case of sexual harassment involving the supervisor, principal or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or the District's Title IX Coordinator, who shall determine who will investigate the complaint. In any case involving the Superintendent, the report may instead be submitted to the Board President who will either investigate the complaint or obtain an independent investigator to investigate the complaint.
Sexual Harassment (Cont.)

A supervisor or administrator who receives a harassment complaint shall promptly notify the Title IX Coordinator. Once notified, the Title IX Coordinator shall ensure the complaint or allegation is addressed through AR 4119.12/4219.12/4319.12 - Title IX Sexual Harassment Complaint Procedures or AR 4030 - Nondiscrimination in Employment, as applicable. Because a complaint or allegation that is dismissed or denied under the Title IX complaint procedure may still be subject to consideration under state law, the Title IX Coordinator shall ensure that any implementation of AR 4119.12/4219.12/4319.12 concurrently meets the requirements of AR 4030.

The Title IX Coordinator shall offer supportive measures to the complainant and respondent, as deemed appropriate under the circumstances.

Upon investigation of a sexual harassment complaint, any district employee found to have engaged or participated in sexual harassment or to have aided, abetted, incited, compelled, or coerced another to commit sexual harassment in violation of this policy shall be subject to disciplinary action, up to and including dismissal, in accordance with law and the applicable collective bargaining agreement.

Definitions

Sexual harassment includes, but is not limited to, unwelcome sexual advances, unwanted requests for sexual favors, or other unwanted verbal, visual, or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire. Conduct is considered to be sexual harassment when made against another person of the same or opposite sex in the work or educational setting under any of the following conditions: (Education Code 212.5; Government Code 12940; 2 CCR 11034)

1. Submission to the conduct is made explicitly or implicitly a term or condition of the individual's employment.

2. Submission to or rejection of the conduct is used as the basis for an employment decision affecting the individual.

3. The conduct has the purpose or effect of having a negative impact upon the individual's work performance or of creating an intimidating, hostile, or offensive work environment.

4. Submission to or rejection of the conduct is used as the basis for any decision affecting the individual regarding benefits, services, honors, programs, or activities available at or through the district.

For purposes of applying the complaint procedures specified in Title IX of the Education Amendments of 1972, sexual harassment is defined as any of the following forms of conduct that occurs in an education program or activity in which a district school exercises substantial control over the context and respondent: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on the person's participation in unwelcome sexual conduct

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity

3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

Examples of Sexual Harassment

Examples of actions that might constitute sexual harassment under state or federal law in accordance with the definitions above, in the work or educational setting, whether committed by a supervisor, a co-worker, or a non-employee, include, but are not limited to:
Sexual Harassment (Cont.)

1. Unwelcome verbal conduct such as sexual flirtations or propositions; graphic comments about an individual's body; overly personal conversations or pressure for sexual activity; sexual jokes or stories; unwelcome sexual slurs, epithets, threats, innuendoes, derogatory comments, sexually degrading descriptions, or the spreading of sexual rumors

2. Unwelcome visual conduct such as drawings, pictures, graffiti, or gestures; sexually explicit emails; displaying sexually suggestive objects

3. Unwelcome physical conduct such as massaging, grabbing, fondling, stroking, or brushing the body; touching an individual's body or clothes in a sexual way; cornering, blocking, leaning over, or impeding normal movements

A supervisory employee is any employee having the authority, in the interest of the district, to hire, transfer, suspend, lay off, promote, discharge, assign, reward, or discipline other employees, or the responsibility to direct them, adjust their grievances, or effectively recommend such action, when the exercise of the authority is not of a merely routine or clerical nature, but requires the use of independent judgment. Amended: 3/7/07, 7/16/08, 5/18/16, 3/15/17, 5/16/18
Title IX Sexual Harassment Complaint Procedures

The complaint procedures described in this administrative regulation shall be used to address any complaint governed by Title IX of the Education Amendments of 1972 alleging that a district employee, while in an education program or activity in which a district school exercises substantial control over the context and respondent, was subjected to one or more of the following forms of sexual harassment: (34 CFR 106.30, 106.44)

1. A district employee conditioning the provision of a district aid, benefit, or service on a person's participation in unwelcome sexual conduct

2. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity

3. Sexual assault, dating violence, domestic violence, or stalking as defined in 20 USC 1092 or 34 USC 12291

All other sexual harassment complaints or allegations shall be investigated and resolved in accordance with AR 4030 - Nondiscrimination in Employment. The determination of whether the allegations meet the definition of sexual harassment under Title IX shall be made by the district's Title IX Coordinator.

Because the complainant has a right to pursue a complaint under AR 4030 for any allegation that is dismissed or denied under the Title IX complaint procedure, the Title IX Coordinator shall ensure that all requirements and timelines for AR 4030 are concurrently met while implementing the Title IX procedure.

Reporting Allegations/Filing a Formal Complaint

An employee who is the alleged victim of sexual harassment may submit an oral or written report of sexual harassment to the district's Title IX Coordinator using the contact information listed in AR 4119.11/4219.11/4319.11 - Sexual Harassment or to the employee's direct supervisor or other district administrator, who shall forward the report to the Title IX Coordinator within one day of receiving the report.

In any case of sexual harassment involving the supervisor, principal or any other person to whom the incident would ordinarily be reported or filed, the report may instead be submitted to the Superintendent or the District's Title IX Coordinator, who shall determine who will investigate the complaint. In any case involving the Superintendent, the report may instead be submitted to the Board President who will either investigate the complaint or obtain an independent investigator to investigate the complaint.

Upon receiving such a report, the Title IX Coordinator shall inform the complainant of the right to file a formal complaint and the process for filing a formal complaint.

A formal complaint, with the complainant's physical or digital signature, may be filed with the Title IX Coordinator in person, by mail, by email, or by any other method authorized by the district. (34 CFR 106.30)
 Even if the alleged victim chooses not to file a formal complaint, the Title IX Coordinator shall file a formal complaint in situations when a safety threat exists. In addition, the Title IX Coordinator may file a formal complaint in other situations as permitted under the Title IX regulations, including as part of the district's obligation to not be deliberately indifferent to known allegations of sexual harassment. In such cases, the Title IX Coordinator shall provide the alleged victim notices as required by the Title IX regulations at specific points in the complaint process.

The Title IX Coordinator, investigator, decision-maker, or a facilitator of an informal resolution process shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. Such persons shall receive training in accordance with 34 CFR 106.45. (34 CFR 106.45)

Supportive Measures

Upon receipt of a report of Title IX sexual harassment, the Title IX Coordinator shall promptly contact the complainant to discuss the availability of supportive measures and shall consider the complainant's wishes with respect to the supportive measures implemented. Supportive measures shall be offered as appropriate, as reasonably available, and without charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures shall be non-disciplinary, non-punitive, and not unreasonably burden the other party, including measures designed to protect the safety of all parties or the district's educational environment or to deter sexual harassment. Supportive measures may include, but are not limited to, counseling, extensions of deadlines, modifications of work schedules, mutual restrictions on contact, changes in work locations, leaves of absence, increased security, and monitoring of certain areas of the campus. (34 CFR 106.30, 106.44)

The district shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the district's ability to provide the supportive measures. (34 CFR 106.30)

Emergency Removal

If a district employee is the respondent, the employee may be placed on administrative leave during the pendency of the formal complaint process. (34 CFR 106.44)

If the respondent is a student, the district may, on an emergency basis, remove the student from the district's education program or activity, provided that the district conducts an individualized safety and risk analysis, determines that removal is justified due to an immediate threat to the physical health or safety of any student or other individual arising from the allegations, and provides the student with notice and an opportunity to challenge the decision immediately following the removal. This authority to remove a student does not modify a student's rights under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973. (34 CFR 106.44)
Title IX Sexual Harassment Complaint Procedures (Cont.)

Dismissal of Complaint

The Title IX Coordinator shall dismiss a formal complaint if the alleged conduct would not constitute sexual harassment as defined in 34 CFR 106.30 even if proved. The Title IX Coordinator shall also dismiss any complaint in which the alleged conduct did not occur in the district's education program or activity or did not occur against a person in the United States, and may dismiss a formal complaint if the complainant notifies the district in writing that the complainant would like to withdraw the complaint or any allegations in the complaint, the respondent is no longer employed by the district, or sufficient circumstances prevent the district from gathering evidence sufficient to reach a determination with regard to the complaint. (34 CFR 106.45)

Upon dismissal, the Title IX Coordinator shall promptly send written notice of the dismissal and the reasons for the dismissal simultaneously to the parties, and shall inform them of their right to appeal the dismissal of a formal complaint or any allegation in the complaint in accordance with the appeal procedures described in the section "Appeals" below. (34 CFR 106.45)

If a complaint is dismissed, the conduct may still be addressed pursuant to AR 4030 - Nondiscrimination in Employment as applicable.

Informal Resolution Process

When a formal complaint of sexual harassment is filed, the district may offer an informal resolution process, such as mediation, at any time prior to reaching a determination regarding responsibility. The district shall not require a party to participate in the informal resolution process or to waive the right to an investigation and adjudication of a formal complaint. (34 CFR 106.45)

The district may facilitate an informal resolution process provided that the district: (34 CFR 106.45)

1. Provides the parties with written notice disclosing the allegations, the requirements of the informal resolution process, the right to withdraw from the informal process and resume the formal complaint process, and any consequences resulting from participating in the informal resolution process, including that records will be maintained or could be shared.

2. Obtains the parties' voluntary, written consent to the informal resolution process

Written Notice

If a formal complaint is filed, the Title IX Coordinator shall provide the known parties with written notice of the following: (34 CFR 106.45)

1. The district's complaint process, including any informal resolution process

2. The allegations potentially constituting sexual harassment with sufficient details known at the time, including the identity of parties involved in the incident if known, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident if known. Such notice shall be provided with sufficient time for the parties to prepare a response before any initial interview.
Title IX Sexual Harassment Complaint Procedures (Cont.)

If, during the course of the investigation, new Title IX allegations arise about the complainant or respondent that are not included in the initial notice, the Title IX Coordinator shall provide notice of the additional allegations to the parties.

3. A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the complaint process.

4. The opportunity for the parties to have an advisor of their choice who may be, but is not required to be, an attorney, and the ability to inspect and review evidence.

5. The prohibition against knowingly making false statements or knowingly submitting false information during the complaint process.

The above notice shall also include the name of the investigator, facilitator of an informal process, and decision-maker and shall inform the parties that, if at any time a party has concerns regarding conflict of interest or bias regarding any of these persons, the party should immediately notify the Title IX Coordinator.

Investigation Procedures

During the investigation process, the district's designated investigator shall: (34 CFR 106.45)

1. Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence.

2. Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

3. Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney.

4. Not limit the choice or presence of an advisor for either the complainant or respondent in any meeting or grievance proceeding, although the district may establish restrictions regarding the extent to which the advisor may participate in the proceedings as long as the restrictions apply equally to both parties.

5. Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all investigative interviews or other meetings, with sufficient time for the party to prepare to participate.

6. Send in an electronic format or hard copy to both parties and their advisors, if any, the evidence obtained as part of the investigation that is directly related to the allegations raised in the complaint, and provide the parties at least 10 days to submit a written response for the investigator to consider prior to the completion of the investigative report.

7. Objectively evaluate all relevant evidence, including both inculpatory and exculpatory evidence, and determine credibility in a manner that is not based on a person's status as a complainant, respondent, or witness.
8. Create an investigative report that fairly summarizes relevant evidence and, at least 10 days prior to the determination of responsibility, send to the parties and their advisors, if any, the investigative report in an electronic format or a hard copy, for their review and written response.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence are offered to prove that someone other than the respondent committed the conduct alleged by the complainant or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. (34 CFR 106.45)

Privacy rights of all parties to the complaint shall be maintained in accordance with applicable state and federal laws.

If the complaint is against an employee, rights conferred under an applicable collective bargaining agreement shall be applied to the extent they do not conflict with the Title IX requirements.

**Written Decision**

The Superintendent shall designate an employee as the decision-maker to determine responsibility for the alleged conduct, who shall not be the Title IX Coordinator or a person involved in the investigation of the matter. (34 CFR 106.45)

After the investigative report has been sent to the parties but before reaching a determination regarding responsibility, the decision-maker shall afford each party the opportunity to submit written, relevant questions that the party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party.

The decision-maker shall issue, and simultaneously provide to both parties, a written decision as to whether the respondent is responsible for the alleged conduct. (34 CFR 106.45)

The written decision shall be issued within 60 calendar days of the receipt of the complaint.

The timeline may be temporarily extended for good cause with written notice to the complainant and respondent of the extension and the reasons for the action. (34 CFR 106.45)

In making this determination, the decision-maker shall use the "preponderance of the evidence" standard for all formal complaints of sexual harassment. (34 CFR 106.45)

The written decision shall include the following: (34 CFR 106.45)

1. Identification of the allegations potentially constituting sexual harassment as defined in 34 CFR 106.30

2. A description of the procedural steps taken from receipt of the formal complaint through the written decision, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held if the district includes hearings as part of the grievance process.
Title IX Sexual Harassment Complaint Procedures (Cont.)

3. Findings of fact supporting the determination

4. Conclusions regarding the application of the district's code of conduct or policies to the facts

5. A statement of, and rationale for, the result as to each allegation, including a decision regarding responsibility, any disciplinary sanctions the district imposes on the respondent, and whether remedies designed to restore or preserve equal access to the district's educational program or activity will be provided by the district to the complainant

6. The district's procedures and permissible bases for the complainant and respondent to appeal

Appeals

Either party may appeal the district's decision or dismissal of a formal complaint or any allegation in the complaint, if the party believes that a procedural irregularity affected the outcome, new evidence is available that could affect the outcome, or a conflict of interest or bias by the Title IX Coordinator, investigator(s), or decision-maker(s) affected the outcome. If an appeal is filed, the district shall: (34 CFR 106.45)

1. Notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties

2. Ensure that the decision-maker(s) for the appeal is trained in accordance with 34 CFR 106.45 and is not the same decision-maker(s) who reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator

3. Give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome

4. Issue a written decision describing the result of the appeal and the rationale for the result

5. Provide the written decision simultaneously to both parties

An appeal must be filed in writing within 10 calendar days of receiving the notice of the decision or dismissal, stating the grounds for the appeal and including any relevant documentation in support of the appeal. Appeals submitted after this deadline are not timely and shall not be considered.

A written decision shall be provided to the parties within 20 calendar days from the receipt of the appeal.

Either party has the right to file a complaint with the U.S. Department of Education's Office for Civil Rights within 180 days of the date of the most recently alleged misconduct.

The complainant shall be advised of any civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders that may be available under state or federal antidiscrimination laws, if applicable.
Remedies

When a determination of responsibility for sexual harassment has been made against the respondent, the district shall provide remedies to the complainant. Such remedies may include the same individualized services described above in the section "Supportive Measures," but need not be non-disciplinary or non-punitive and need not avoid burdening the respondent. (34 CFR 106.45)

Disciplinary Actions

The district shall not impose any disciplinary sanctions or other actions against a respondent, other than supportive measures as described above in the section "Supportive Measures," until the complaint procedure has been completed and a determination of responsibility has been made. (34 CFR 106.44)

When an employee is found to have committed sexual harassment or retaliation, the district shall take appropriate disciplinary action, up to and including dismissal, in accordance with applicable law and collective bargaining agreement.

Record-Keeping

The Superintendent or designee shall maintain, for a period of seven years: (34 CFR 106.45)

1. A record of all reported cases and Title IX investigations of sexual harassment, any determinations of responsibility, any audio or audiovisual recording and transcript if applicable, any disciplinary sanctions imposed, any remedies provided to the complainant, and any appeal or informal resolution and the results therefrom.

2. A record of any actions, including supportive measures, taken in response to a report or formal complaint of sexual harassment, including the district's basis for its conclusion that its response was not deliberately indifferent, the measures taken that were designed to restore or preserve equal access to the education program or activity, and, if no supportive measures were provided to the complainant, the reasons that such a response was not unreasonable in light of the known circumstances.

3. All materials used to train the Title IX Coordinator, investigator(s), decision-maker(s), and any person who facilitates an informal resolution process. The district shall make such training materials publicly available on its web site, or if the district does not maintain a web site, available upon request by members of the public.

Employee Compensation

In order to recruit and retain employees committed to the district's goals for student learning, the Governing Board recognizes the importance of offering a competitive compensation package which includes salaries and health and welfare benefits.

The Board shall adopt separate salary schedules for certificated, classified, and supervisory and administrative personnel. These schedules shall comply with law and collective bargaining agreements and shall be printed and made available for review at the district office. (Education Code 45022, 45023, 45160, 45162, 45268)

Each certificated employee, except an employee in an administrative or supervisory position, shall be classified on the salary schedule on the basis of uniform allowance for education level and years of experience, unless the Board and employee organization negotiate and mutually agree to a salary schedule based on different criteria. Certificated employees shall not be placed in different classifications on the schedule, nor paid different salaries, solely on the basis of the grade levels at which they teach. (Education Code 45028)

Salary schedules for staff who are not a part of a bargaining unit shall be determined by the Board at the recommendation of the Superintendent or designee.

The Board shall determine the frequency and schedule of salary payments, including whether payments for employees who work less than 12 months per year will be made over the course of the school year or in equal installments over the calendar year. (Education Code 45038, 45039, 45048, 45165)

The Superintendent or designee shall post a notice explaining the Fair Labor Standards Act's wage and hour provisions in a conspicuous place at each work site. (29 CFR 516.4)

Overtime Compensation

District employees shall be paid an overtime rate of not less than one and one-half times their regular rate of pay for any hours worked in excess of eight hours in one day or 40 hours in one work week, or twice their regular rate of pay for any hours worked in excess of 12 hours in one day or eight hours on the seventh consecutive day of work. However, employees shall be exempt from overtime rules if they are employed as teachers or school administrators or if they qualify as being employed in an executive, administrative, or professional capacity and are paid a monthly salary that is at least twice the state minimum wage for full-time employment. (Labor Code 510, 515; 29 USC 213; 29 CFR 541.0-541.710, 553.27, 553.32)

When authorized in a collective bargaining agreement or other agreement between the district and employees, an employee may take compensatory time off in lieu of overtime compensation, provided the employee has not accrued compensatory time in excess of the limits specified in 29 USC 207. An employee who has requested the use of compensatory time shall be allowed to use such time within a reasonable period after making the request if the use of the compensatory time does not unduly disrupt district operations. (29 USC 207; 29 CFR 553.20-553.25)
Employee Compensation (Cont.)

For each nonexempt employee, the Superintendent or designee shall maintain records on the employee's wages, hours, and other information specified in 29 CFR 516.5-516.6.

The Superintendent or designee shall develop an exposure control plan for bloodborne pathogens that is consistent with the district's injury and illness prevention program. The plan shall include a determination of which job classifications have occupational exposure to blood or other potentially infectious materials; precautions to be implemented, including universal precautions, engineering and work practice controls, and personal protective equipment; availability of the hepatitis B vaccination; provision of information and training to employees; and follow-up actions to be taken if exposure occurs. Such strategies shall include, but are not limited to, communication and training about the disease(s); campus closures and alternative means of instruction when necessary; preventative measures, such as social distancing, personal protective equipment, temperature checks, and/or any other health screening allowed by law; and cleaning and sanitization of district facilities and equipment.
Employee Safety

The Superintendent of designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

COVID-19 Exposure

If the district receives notice of potential exposure to COVID-19, the Superintendent or designee shall, within one business day of the notice, take all of the following actions: (Labor Code 6409.6)

1. Provide a written notice to all employees, and the employers of subcontracted employees, who were on the premises at the same worksite as the qualifying individual within the infectious period that they may have been exposed to COVID-19. The notice shall be provided in a manner normally used to communicate employment-related information, which may include, but is not limited to, personal service, email, or text message if it can reasonably be anticipated to be received by the employee within one business day of sending.

2. Provide a written notice to the exclusive representative, if any, of employees who were on the premises within the infectious period.

3. Provide all employees who may have been exposed and the exclusive representative, if any, with information regarding:
   a. COVID-19-related benefits to which the employee may be entitled under applicable federal, state, or local laws, including, but not limited to, workers' compensation
   b. Available leave options for exposed employees
   c. Antiretaliation and antidiscrimination protections of the employee

4. Notify all employees, and the employers of subcontracted employees and the exclusive representative, if any, of the disinfection and safety plan that the district plans to complete in accordance with Centers for Disease Control and Prevention guidelines.

The above notifications shall be maintained for a period of at least three years. (Labor Code 6409.6)

If the district is notified of the number of cases that meet the definition of a COVID-19 outbreak, as defined by the California Department of Public Health, within 48 hours, the Superintendent or designee shall, within 48 hours of the notice, notify the local public health agency of the names, number, occupation, and worksite of employees who meet the definition of a qualifying individual. The Superintendent or designee shall continue to give notice to the local health department of any subsequent laboratory-confirmed cases of COVID-19 at the worksite. (Labor Code 6409.6)

In the event that Cal/OSHA prohibits entry into any district workplace or performance of a district operation or process based on a determination that the workplace exposes employees to the risk of COVID-19 infection and constitutes an imminent hazard to employees, the district shall post a notice thereof provided by Cal/OSHA in a conspicuous place at the worksite. This notice shall not be removed except by an authorized representative of Cal/OSHA and only when the place of employment, operation, or process is made safe and the required safeguards or safety appliances or devices are provided. Work-Related Injuries

In order to provide medical benefits, temporary or permanent disability benefits, wage replacement, retraining or skill enhancement, and/or death benefits in the event that an employee becomes injured or ill in the course of employment, the district shall provide all employees with insurance and workers' compensation benefits in accordance with law. The Superintendent or designee shall develop an efficient claims handling process that reduces costs and facilitates employee recovery.

The Superintendent or designee shall notify every new employee, at the time of hire or by the end of the first pay period, of the employee's right to receive workers' compensation benefits if injured at work. (Labor Code 3551; 8 CCR 15596)

In addition, a notice regarding workers' compensation benefits shall be posted in a conspicuous location frequented by employees, where the notice may be easily read during the workday. (Labor Code 3550)

In the event that an employee is injured or becomes ill in the course of employment, the employee shall report the work-related injury or illness to the Superintendent or designee as soon as practicable. The employee and appropriate district staff shall also promptly document the date and time of any incident, a description of the incident, and any persons present.

Within one working day of receiving notice or knowledge of any injury to an employee in the course of employment, the Superintendent or designee shall provide a claim form and notice of potential eligibility for workers' compensation benefits to the employee or, in the case of the employee's death, to the employee's dependents. The claim form and notice shall be provided personally or by first class mail. (Labor Code 5401)

The Superintendent or designee shall additionally ensure that any employee who is a victim of a crime that occurred at the place of employment is given written notice personally or by first class mail within one working day of the crime, or when the district reasonably should have known of the crime, that the employee is eligible for workers' compensation benefits for injuries, including psychiatric injuries, that may have resulted from the crime. (Labor Code 3553)

The Superintendent or designee shall ensure that all employee notices described above are in the form prescribed by the Department of Industrial Relations (DIR), Division of Workers Compensation.

Upon learning of a work-related injury or illness, or injury or illness alleged to have arisen out of and in the course of employment, the Superintendent or designee shall report the incident to the district's insurance carrier or DIR, as applicable, within five days after obtaining knowledge of the injury or illness. If a subsequent death arises as a result of the reported injury or illness, an amended report indicating the death shall be filed within five days after being notified of or learning about the death. (Labor Code 6409.1)

In addition, in every case involving death or serious injury or illness, the Superintendent or designee shall immediately make a report to the Division of Occupational Safety and Health (Cal/OSHA) by telephone or through an online mechanism made available by Cal/OSHA. (Labor Code 6409.1)
OROVILLE UNION HIGH SCHOOL DISTRICT

Work-Related Injuries (Cont.)

For the purpose of this report, serious injury or illness means any injury or illness occurring in a place of employment or in connection with any employment that requires inpatient hospitalization for other than medical observation or diagnostic testing, or in which an employee suffers an amputation, the loss of an eye, or any serious degree of permanent disfigurement. (Labor Code 6302)

Claims Related to COVID-19

Until January 1, 2023, an employee is presumed to be entitled to workers' compensation benefits for illness or death resulting from COVID-19 if the diagnosis was made within 14 days after the employee performed labor or services at the place of employment and if the employee contracted COVID-19 during an outbreak at the employee's specific place of employment. (Labor Code 3212.86, 3212.88)

For this purpose, an outbreak means that, within 14 calendar days, one of the following occurs at a specific place of employment: (Labor Code 3212.88)

1. If a specific place of employment has 100 employees or fewer, four employees test positive for COVID-19.

2. If a specific place of employment has more than 100 employees, four percent of the number of employees who reported to the specific place of employment test positive for COVID-19.

3. A specific place of employment is ordered to close by a local public health department, the California Department of Public Health, Cal/OSHA, or the Superintendent due to a risk of infection with COVID-19.

The Superintendent or designee may rebut a presumption that COVID-19 was contracted during the course and scope of employment by offering evidence to the Workers' Compensation Appeals Board, such as the measures that were in place at the employee's specific place of employment to reduce potential transmission of COVID-19 and evidence of an employee's non-occupational risk of contracting COVID-19. Local Educational Agency (LEA) Name: Oroville Union High School District
CDS Code: 04-61515-0000000
School Year: 2020-2021
LEA contact information: Dr. Corey Willenberg, Superintendent (530) 538-2300 ex. 1107 cwillenb@ouhsd.net

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

LCFF Budget Overview for Parents

For the 2020-21 school year school districts must work with parents, educators, students, and the community to develop a Learning Continuity and Attendance Plan (Learning Continuity Plan). The Learning Continuity Plan replaces the Local Control and Accountability Plan (LCAP) for the 2020–21 school year and provides school districts with the opportunity to describe how they are planning to provide a high-quality education, social-emotional supports, and nutrition to their students during the COVID-19 pandemic.

This chart provides a quick summary of how much Oroville Union High School District plans to spend for planned actions and services in the Learning Continuity Plan for 2020-2021 and how much of the total is tied to increasing or improving services for high needs students.

Oroville Union High School District plans to spend $33,864,770 for the 2020-21 school year. Of that amount, $1,898,000 is tied to actions/services in the Learning Continuity Plan and $31,966,770 is not included in the Learning Continuity Plan. The budgeted expenditures that are not included in the Learning Continuity Plan will be used for the following:

The Learning Continuity Plan specifically focused on those actions the District implemented to address learning loss mitigation, safety of staff and students, continuity of instruction, student/staff mental health and emotional well-being, pupil/family engagement and outreach and student nutrition related to the COVID-19 closures and the implementation of distance and hybrid learning programs. The Learning Continuity Plan does not depict the entire General Fund Budget. The General Fund budget includes the expenditures included in the Learning Continuity Plan, as well as other expenditures identified for special needs students and the District's core programs. Core program expenditures include teacher salaries, benefits and instructional materials for classes required for graduation, instructional costs and transportation costs for students with disabilities, instructional costs for students attending the required minimum day for the continuation school, district-level and school-level administration costs, health benefits for retirees, utilities, insurance and debt service payments. The complete budget is available for viewing on the OUHSD website (www.ouhsd.org).

Increased or Improved Services for High Needs Students in the Learning Continuity Plan for the 2020-2021 School Year

In 2020-21, Oroville Union High School District is projecting it will receive $4,750,008 based on the enrollment of foster youth, English learner, and low-income students. Oroville Union High School District
must describe how it intends to increase or improve services for high needs students in the Learning Continuity Plan. Oroville Union High School District plans to spend $1,867,000 towards meeting this requirement, as described in the Learning Continuity Plan.

The Learning Continuity Plan specifically focused on those actions the District implemented to address learning loss mitigation, safety of staff and students, continuity of instruction, student/staff mental health and emotional well-being, pupil/family engagement and outreach and student nutrition related to COVID-19 closures and the implementation of distance and hybrid learning programs. Examples of additional actions taken to improve services for high need students not included in the Learning Continuity Plan include providing four extra days for teacher staff development/planning, providing math and English interventions, providing additional instruction for English learners, extending the continuation instructional day by three hours each day to facilitate credit recovery, providing home-to-school transportation for non-special needs students, employing a nurse and social workers to promote physical/mental health, improving security with School Resource Officers and Campus Supervisors, employing academic counselors, supporting extra-curricular activities and providing a College Connection program to jumpstart college education for a selected group of students.
LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2019-20

Prior Year Expenditures: Increased or Improved Services for High Needs Students

This chart compares what Oroville Union High School District budgeted in the 2019-20 LCAP for actions and services that contributed to increasing or improving services for high needs students with what Oroville Union High School District actually spent on actions and services that contributed to increasing or improving services for high needs students in the 2019-20 school year.

In 2019-20, Oroville Union High School District's LCAP budgeted $8,834,279 for planned actions to increase or improve services for high needs students. Oroville Union High School District actually spent $8,507,699 for actions to increase or improve services for high needs students in 2019-20.

On March 13, 2020, schools were closed in Butte County for on-site instruction due to the COVID-19 pandemic. This lack of on-campus instruction meant that planned activities and programs were no longer physically possible, leaving budgeted funds unspent. The District also funded some of the expenditures identified for high needs students from a COVID-19 funding source as costs necessary to maintain the operation and continuity of services and to continue the employment of existing staff. This change in funding sources also meant that some of the funding budgeted to increase or improve services to high needs students was not used.

To: Oroville Union High School District Board of Trustees
From: Corey Willenberg, EdD, Superintendent
Date: December 7, 2020
Subject: Request Approval for MOU with Scoot Education

Once OUHSD announced a return to hybrid instruction, there was a large demand for distance learning. We did not have enough teachers to teach in person classes as well as distance learning classes.

Scoot Education is providing substitute teachers to facilitate distance learning to 314 students in the district.

The Superintendent is requesting Board approval for the MOU with Scoot Education.

EXHIBIT A

FEES FOR SUBSTITUTES

This Exhibit A is incorporated and made part of the Agreement between Scoot and Customer. The pricing in Exhibit A is confidential and proprietary. Customer agrees not to disclose the contents of Exhibit A to persons or entities not party to this Agreement without Scoot’s written permission.

Substitutes will be assigned to the following positions and at the following rates:

<table>
<thead>
<tr>
<th>School bill rate</th>
<th>Half-day rate (4 hours or less)</th>
<th>Short-term day rate</th>
<th>Long-term day rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Teaching Assistant (non-credentialed)</td>
<td>$137</td>
<td>$205</td>
<td>$226</td>
</tr>
<tr>
<td>Preschool (9+ ECE credits)</td>
<td>$153</td>
<td>$228</td>
<td>$251</td>
</tr>
<tr>
<td>Teacher (Emergency 30-day substitute permit, Master Teacher*, or California credential)</td>
<td>$188</td>
<td>$250</td>
<td>$275</td>
</tr>
<tr>
<td>Special Education Credential in SpEd role</td>
<td>$224</td>
<td>$334</td>
<td>$367</td>
</tr>
</tbody>
</table>

* Master Teachers are defined as having at least three years of lead teaching experience within a private school setting but don’t hold a CA teaching credential.

* Because Scoot Substitutes are non-exempt hourly employees, additional charges over and above the standard Daily Bill Rate will apply in the event that the Substitute is called upon to work overtime meaning working more than eight (8) hours in a work day or more than 40 hours in a work week for the same Customer. Overtime is paid at 1.5x the Substitute’s hourly pay rate and will be marked up at the same rate as the standard daily pay. Substitutes are instructed by Scoot that they should seek the approval of a duly designated supervisor at the Customer site before incurring overtime but, of course, the need to insure proper supervision of pupils may necessitate a Substitute staying over even if the designated supervisor is not immediately available. Consistent with professional best practices, Scoot Substitutes are directed to maintain supervision over assigned students until they are relieved by appropriate school personnel.

* A Substitute will be considered in long-term status if the same substitute has been scheduled at a Customer school for an assignment that is for more than 15 consecutive work days or an assignment has extended beyond 15 consecutive work days (half-days and full-days are counted the same) in the same academic year.
FEES FOR TEMP-TO-PERM

Scoot pricing for temp-to-perm placements is based upon the number of days the Scoot employee has worked at the hiring school during a single school year. If Customer chooses to hire a Scoot employee prior to the employee meeting the required 90 days, the following fee table will be used to calculate a placement fee:

<table>
<thead>
<tr>
<th>Days worked in school year</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 - 45 days worked</td>
<td>10% of AGS</td>
</tr>
<tr>
<td>45 - 90 days worked</td>
<td>5% of AGS</td>
</tr>
<tr>
<td>90+ days worked</td>
<td>No fee</td>
</tr>
</tbody>
</table>

Fee is based upon the total, annualized gross salary (AGS), including any additional allowances or benefits that can be monetized listed on contract between Customer and Scoot employee.

FEES FOR LEAVE, PERMANENT AND LEAVE-TO-PERM

Pricing is based upon a percentage of the proposed annualized gross salary (AGS) as outlined in the employee agreement. Leave placements are prorated based on the assignment length (e.g., a three-month assignment will be prorated at 25% of AGS).

Leave-to-perm placements are discounted by any leave placements fees already paid to Scoot for the specific candidate.

If a candidate is employed on a fixed or short term contract and the length of employment is extended, the initial fee paid will be deducted from the revised calculated fee.

As outlined in Part C, you may engage Scoot to supply Candidates on a non-exclusive basis or you may engage Scoot on an exclusive basis. Fees will differ depending on the chosen basis:

Fee is based upon the total, annualized gross salary (AGS), including any additional allowances or benefits that can be monetized listed on contract between Customer and Scoot employee. See Part A for a full definition of AGS.
EXHIBIT B

SUBSTITUTE CANCELLATION POLICY

Customer must cancel a substitute assignment no later than midnight before the assignment. If a cancellation is made before this time, no fee will be charged to the school. Cancellations made on the same day of the shift will result in a half-day charge according to the pricing in Exhibit A.

SCOOT GUARANTEE

Scoot stands behind the quality and appropriateness of any candidate we recommend or assign to your customer school. However, Scoot understands that at times unforeseen circumstances can deliver undesirable results.

SUBSTITUTE TEACHERS

Should a Scoot substitute not satisfy the requirements of the assigned position within the first 30 minutes of a half-day shift or the first four hours of a full-day shift, there will be no fee charged to the school or Scoot will diligently work to replace the substitute as quickly as possible by another suitably skilled and qualified substitute teacher.

To avoid a charge, the school must:

(a) Inform Scoot of the termination of the shift before the substitute leaves the school grounds
(b) Allow Scoot a reasonable opportunity to resolve matters directly with the substitute teacher
(c) The school must provide feedback on the reason(s) for the termination/cancellation

REPLACEMENT PERIOD – LEAVE PLACEMENTS

If the employment of a leave candidate introduced to you by Scoot is terminated within the first 33% of the planned assignment length (e.g., during the first month of a three-month assignment), Scoot’s Replacement Policy will take effect.

REPLACEMENT PERIOD – PERMANENT PLACEMENTS

If the employment of a full-time candidate introduced to you by Scoot is terminated within 3 months from the commencement of that person’s employment, Scoot’s Replacement Policy will take effect.

SCOOT REPLACEMENT POLICY

1. If within the replacement period, one of our shortlisted Candidates whom we have placed with you:
   (a) performs unsatisfactorily in the placement for which he or she was presented and the placement is terminated for that reason; or
   (b) terminates the contract then, subject to clause 1.1 and 1.2, we will use our best endeavors to present a replacement Candidate at no extra fee.

1.1) Our obligations under clause 1 arise if and only if:
   (a) the Candidate was not already a replacement Candidate presented under clause 1;
   (a) you pay or have paid our invoice by its due date;
   (a) you notify us in writing immediately of becoming aware of any circumstance that may result in our being required to perform our obligations under this clause 1;
   (a) you have provided accurate information on a regular basis during the replacement period so that we can conduct confidential and timely performance checks (and counseling) with you and with the
Candidate for our own benefit and at our discretion. We are not under any obligation to pass on to you any information we collect from the Candidate under this clause;

(g) you notify us in writing of the termination of the employment, engagement or contract with or of the Candidate immediately, stating the effective date or, and reason(s) for, the termination;

(h) you have made a reasonable attempt to induct and orient the Candidate into the workplace;

(i) you have fulfilled all your other obligations arising under this Agreement in respect of the placement;

(j) the termination of the Candidate's placement is not due to:

(i) any false or misleading representation made to the successful Candidate in connection with the placement;

(ii) redundancy, retrenchment, or your operational requirements;

(iii) any action on your part which might make the termination of the successful Candidate's employment or engagement unlawful, harsh, unjust or unreasonable; or

(iv) any breach by you of the terms of the contract with the successful Candidate; and

(k) you agree to pay any advertising or additional charges which you authorize us to incur in locating another suitable Candidate.

12 All of the terms of this Agreement which apply to the presentation of Candidates generally continue to apply to the presentation of a replacement Candidate.

13 If a replacement Candidate is placed under this clause 1 at a higher AGS than the original Candidate AND our fee was calculated in whole or in part as a percentage of AGS, we may claim an additional fee referable to the increased AGS. However, no refund or credit will be paid by reason only that the AGS referable to the replacement Candidate is lower than that of the original Candidate. If no replacement candidate is placed, a credit will be applied for use at a later date.

Otherwise, prior to proceeding with any changes, LanguageLine will provide Customer with a written change order quote for the additional work that includes (1) price change and (2) impact on schedule. Each party shall use its best efforts to respond as expeditiously as possible to such change requests and change order proposals.

7. **PAYMENT.** (a) Unless otherwise stated in an Estimate, invoices will be issued at the end of the month in which the project is delivered. (b) All errors, claims, or requests for adjustment must be presented within thirty (30) days after the date of delivery or such work will be deemed to have been accepted. OROVILLE UNION HIGH SCHOOL DISTRICT
INJURY AND ILLNESS PREVENTION PROGRAM
COVID-19 ADDENDUM

Purpose
It is the policy of the Oroville Union High School District to ensure a safe and healthy environment for employees, staff, and students. Communicable and infectious diseases such as COVID-19 are minimized by providing prevention, education, identification through examination, surveillance, immunization, treatment and follow-up, isolation, and reporting.

Due to the widespread of COVID-19 in the community Oroville Union High School District has implemented the following infection control measures, including applicable and relevant recommendations from the Centers for Disease Control and Prevention (CDC) and our state and local guidelines.

Introduction

What is Covid-19?

On February 11, 2020, the World Health Organization announced an official name for the disease that is causing the 2019 novel coronavirus outbreak, first identified in Wuhan China. The new name of this disease is Coronavirus disease 2019, abbreviated as COVID-19. In COVID-19, 'CO' stands for 'corona,' 'VI' for 'virus,' and 'D' for disease. Formerly, this disease was referred to as “2019 novel coronavirus” or “2019-nCoV”. There are many types of human coronaviruses including some that commonly cause mild upper-respiratory tract illnesses. COVID-19 is a new disease, caused by a new coronavirus that has not previously been seen in humans. There is currently no vaccine to prevent COVID-19.

What are the Symptoms of Covid-19?:

Symptoms may appear 2-14 days after exposure to the virus. People with these symptoms may have COVID-19:

- Cough
- Shortness of breath or difficulty breathing
- Fever
- Chills
- Muscle pain
- Sore throat
- New loss of taste or smell
Procedures to Help Prevent the Spread of COVID-19

Protect Yourself

Older adults and people who have severe underlying medical conditions like heart or lung disease or diabetes seem to be at higher risk for developing serious complications from COVID-19 illness.

How does it spread?

There is currently no vaccine to prevent coronavirus disease 2019 (COVID-19). The best way to prevent illness is to avoid being exposed to this virus.

- The virus is thought to spread mainly from person-to-person.
- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes or talks.
- Through respiratory droplets that can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.

Some recent studies have suggested that COVID-19 may be spread by people who are not showing symptoms.

To prevent the spread of respiratory infections from one person to the next, frequent hand washing is recommended.

Germs can spread from other people or surfaces when:

- Touching eyes, nose, and mouth with unwashed hands
- Prepare or eat food and drinks with unwashed hands
- Touch a contaminated surface or objects
- Blowing nose, coughing, or sneezing into hands and then touching other people’s hands or common objects.
- Touching an item or surface in a public area that may be frequently touched by other people, such as door handles, tables, etc.

Hand Hygiene

Hand hygiene procedures include the use of alcohol-based hand rubs and hand washing with soap and water. Washing hands with soap and water is the best way to get rid of germs in most situations, and it’s one of the most effective ways to prevent the spread of germs. If soap and water are not readily available, use an alcohol-based hand sanitizer (containing at least 60% alcohol).

Properly hand wash with soap and water by:
- Wet hands first with water (avoid using hot water).
- Apply soap to hands.
- Rub hands vigorously for at least 15 seconds, covering all surfaces of hands and fingers.
- Rinse hands with water and dry thoroughly with paper towel.
- Use paper towel to turn off water faucet.

Alcohol-based hand rub is an ideal method for decontaminating hands, except when hands are visibly soiled (e.g., dirt, blood, body fluids), and may not remove harmful chemicals from hands like pesticides and heavy metals, in which case soap and water should be used. Hand hygiene stations should be strategically placed to ensure easy access.

Using Alcohol-based Hand Rub (follow manufacturer’s directions):

- Dispense the recommended volume of product;
- Apply product to the palm of one hand; and
- Rub hands together, covering all surfaces of hands and fingers until they are dry (no rinsing is required), this should take around 20 seconds.

Handwashing facilities will be maintained to provide adequate supply of hand washing soap and paper towels.

**Coughing and Sneezing Etiquette**

Covering coughs and sneezes and keeping hands clean can help prevent the spread of serious respiratory illnesses.

Germs can be easily spread by:

- Coughing, sneezing, or talking
- Touching your face with unwashed hands after touching contaminated surfaces or objects
- Touching surfaces or objects that may be frequently touched by other people
- Covering coughs and sneezes and washing hands are especially important for infection control measures in healthcare settings, such as emergency departments, doctor’s offices, and clinics.

To help stop the spread of germs:

- Cover mouth and nose with a tissue when coughing or sneezing.
- Throw used tissues in the trash
- If a tissue is not available, cough or sneeze into the elbow, not in hands.
- Immediately wash hands with soap and water for at least 20 seconds. If soap and water are not readily available, clean hands with a hand sanitizer that contains at least 60% alcohol.

**Avoid Close Contact – Distancing**

Physical distancing is an effective method that can help stop or slow the spread of an infectious disease by limiting the contact between people. For COVID-19, the recommended distance is at least 6 feet. To help prevent the spread of respiratory disease, employees should avoid close contact with people who are sick.

Each site will have a plan in place to ensure social distancing at their location. The plan will include, but is not limited to the following:

- Implementing flexible work hours by rotating or staggering shifts to limit the number of employees on site at the same time
- Increasing physical space between employees by modifying the workspace.
- Avoiding shared work spaces (desks, offices, and cubicles) and work items (phones, computers, other work tools, and equipment) when possible. If they must be shared, following the cleaning and disinfecting the building and facility guidelines to clean and disinfect shared workspaces and work items before and after use.
- Increasing physical space between employees and public by offering drive-through service or physical barriers such as partitions.
- Using signs, tape marks, or other visual cues on the floor, placed 6 feet apart, to indicate where to stand when physical barriers are not possible.
- Close or limited access to common areas where employees are likely to congregate and interact.
- Delivering services and holding meetings remotely by phone, video or internet.
- Limiting any unnecessary travel with passenger(s) from one site to another in work vehicles and personal employee vehicles.
- Eliminating all non-essential and non-related services, such as entertainment activities.
- Using videoconferencing or teleconferencing when possible for work-related meetings and gatherings.
- Canceling, adjusting, or postponing large work-related meetings or gatherings that can only occur in-person in accordance with state and local regulations and guidance.
- When videoconferencing or teleconferencing is not possible, holding meetings in open, well-ventilated spaces continuing to maintain a distance of 6 feet apart and wear cloth face coverings.

Employees will also be asked to practice social distancing outdoors including, but not limited to the following:

- When working in sports fields, playgrounds, assembly areas, and/or other outdoor areas
- Before starting the work shift
- After the work shift
- Coming and going from vehicles
- Entering, working and exiting physical buildings or other structures
- During breaks and lunch periods

**If an Employee is Sick**

Employees will be asked to monitor their health each day, and are asked to notify their supervisor before their scheduled shift and prior to arriving at the site, if they have been exposed to someone with COVID-19
or you have a temperature of 100.4 or more, tiredness, chills, shortness of breath, difficulty breathing, nausea, vomiting, diarrhea, sore throat, loss of taste or smell, cough, or muscle pain.

If an employee is not feeling well and is exhibiting symptoms that may be attributed to COVID-19, such as acute respiratory symptoms or a fever, Oroville Union High School District will:

- Immediately send employees with acute respiratory illness symptoms home or to medical care as soon as possible
- Actively encourage sick employees to stay home.
- If an employee goes home because they are sick, follow the cleaning and disinfecting the building and facility guidelines to disinfect the area/room/office where the person worked, the tools and equipment they used prior to use by others.
- Employees who are well but who have a sick family member at home with COVID-19 should notify their supervisor and follow CDC-recommended precautions.

**Personal Protective Equipment**

While engineering and administrative controls are considered more effective in minimizing exposure to COVID-19, PPE may also be needed to prevent certain exposures. While correctly using PPE can help prevent some exposures, it should not take the place of other prevention strategies. Examples of PPE include: gloves, goggles, face shields, face masks, and respiratory protection, when appropriate. During an outbreak of an infectious disease, such as COVID-19, recommendations for PPE specific to occupations or job tasks may change depending on geographic location, updated risk assessments for workers, and information on PPE effectiveness in preventing the spread of COVID-19.

Unless otherwise directed by your supervisor, all employees must cover their mouth and nose with a cloth face cover when around others.

- You could spread COVID-19 to others even if you do not feel sick.
- Everyone should wear a cloth face cover.
  - Cloth face coverings should not be placed on young children under age 2, anyone who has trouble breathing, or is unconscious, incapacitated or otherwise unable to remove the mask without assistance.
- The cloth face cover is meant to protect other people in case you are infected.
- Do NOT use a facemask meant for a healthcare worker.
- Continue to keep about 6 feet between yourself and others. The cloth face cover is not a substitute for social distancing.

**Washing Facilities**

Notify your supervisor if any washing facilities do not have an adequate supply of suitable cleansing agents, water and single-use towels or blowers.

**Cleaning and Disinfecting**

Oroville Union High School District will establish routine schedules to clean and disinfect common surfaces and objects in the workplace. This includes, but is not limited to, classroom technology devices, containers,
counters, tables, desks, chairs, benches, door handles, knobs, drinking fountains, refrigerators, vending machines, portable restroom and bathroom surfaces, automobiles and buses – inside and out, and trash cans.

The process of disinfecting includes providing disinfecting products, that are EPA approved for use against the virus that causes COVID-19 and following the manufacturer’s instructions for all cleaning and disinfection products (e.g., safety requirements, PPE, concentration, contact time.)

Coronaviruses on surfaces and objects naturally die within hours to days. Warmer temperatures and exposure to sunlight will reduce the time the virus survives on surfaces and objects. Normal routine cleaning with soap and water removes germs and dirt from surfaces. It lowers the risk of spreading COVID-19 infection.

Disinfectants kill germs on surfaces after cleaning, that can further lower the risk of spreading infection. Employees will need to follow the district’s approved disinfecting products and procedures when using disinfectants. Disinfecting procedures include:

- Some surfaces only need to be cleaned with soap and water. For example, surfaces and objects that are not frequently touched should be cleaned and do not require additional disinfection.
- Clean and disinfect frequently touched surfaces daily and shared workspaces and work items before and after use.
- Store and use disinfectants in a responsible and appropriate manner according to the label.
- Keep all disinfectants out of the reach of children. Disinfectants should typically not be applied on items used by children, especially any items that children might put in their mouths. Many disinfectants are toxic when swallowed.
- Do not overuse or stockpile disinfectants or other supplies.
- Always wear gloves appropriate for the chemicals being used when you are cleaning and disinfecting. Additional personal protective equipment (PPE) may be needed based on setting and product.
- Areas unoccupied for 7 or more days need only routine cleaning.
- Outdoor areas generally require normal routine cleaning and do not require disinfection.

**Electronics**

For electronics, such as tablets, touch screens, keyboards, remote controls, and ATM machines:

- Consider putting a wipeable cover on electronics.
- Follow manufacturer’s instruction for cleaning and disinfecting.
- If no guidance, use alcohol-based wipes or sprays containing at least 70% alcohol. Dry surface thoroughly.

**Cleaning and Disinfecting Building or Facility if Someone is Sick:**

- Close off areas used by the sick person.
• Open outside doors and windows to increase air circulation in the area.
  o Wait 24 hours before you clean or disinfect.
  o If 24 hours is not feasible, wait as long as possible.
• Clean and disinfect all areas used by the sick person, such as offices, bathrooms, common areas, shared electronic equipment like tablets, touch screens, keyboards, remote controls.
• Always wash immediately after removing gloves and after contact with a sick person.
• If more than 7 days since the sick person visited or used the facility, additional cleaning and disinfection is not necessary.
• Continue routine cleaning and disinfection
