Instruction

Class Size

The governing board recognizes the relatedness of staffing goals, staff utilization, class size, effective teaching and measures of educational output. Accordingly, the governing board will annually review its policy and the accompanying regulations, on class size with the superintendent and relevant employee organizations in the light of adopted educational goals and evidences of extent of achievement of those goals.

In this school district, the governing board will, to the extent that budgetary resources permit, establish class size upper and lower limits as recommended by the superintendent and in accord with existing employee organization agreements as provided by law.

For information on this topic see current employee agreement with OROVILLE SECONDARY TEACHERS ASSOCIATION
