WHAT YOU CAN DO

Plan & Save Plan your weekly menu and make a grocery list. Does the list include food that you already have at home? Buy only what you need and stay within your budget.

Be Food Safe Shop refrigerated or frozen foods just before checking out. Transport items that spoil easily in a cooler or thermal bag and refrigerate or freeze within two hours of shopping.

Check for Quality Dates on a food package help the store determine how long to display the product for sale. It can also help you to choose a product at its best quality.

Storage Reminders Track storage times for different foods using The FoodKeeper® Application. This tool will remind you when foods are near to the end of their storage date.

Be Organized Foods are less likely to go bad when you use the older items first. Keep your pantry and refrigerator clean and organized so you can see what needs to be eaten first.

Re-purpose Give leftovers a makeover when you reuse them in recipes. Add broccoli stems to a salad or blend overripe fruits into a low-fat smoothie. Freeze extra food.

Recycle & Compost Instead of throwing out food, create a compost bin. Don’t have a yard? Your city may help you to choose a product at its best quality.

Donate Many shelters, food banks, and faith-based organizations will accept food donations to feed others who need a meal.
