## We Are Student - Centered

Las Plumas High School invites interested parents and students to partner with us as we enter into a new cycle of accreditation with the Western Association of Schools and Colleges (WASC), an organization that validates the integrity of our programs and our transcripts, which in turn assures our education program is viable and our school is a trustworthy institution for student learning. WASC looks for evidence of three key areas:

1. The goal of LPHS is successful student learning.
2. LPHS has a clear purpose and schoolwide student goals.
3. LPHS engages in external and internal evaluations as part of continued school improvement to support student learning.

If these items are of interest to you and you have 2-4 hours in the spring semester to participate in this process, please email our WASC coordinator, Lisa Ross, at [lross@ouhsd.net](mailto:lross@ouhsd.net) for more details.
